Washington State Housing Finance Commission

The Washington State Housing Finance Commission (Commission), established in 1983, is a publicly accountable, self-supporting team dedicated to increasing housing access and affordability and to expanding the availability of quality community services for the people of Washington.

At the Commission, we feel good about what we do. We stabilize families; we ensure that the elderly maintain their dignity; we finance opportunities for people with disabilities; we provide affordable housing and facilities for community and we foster economic development – all at no cost to the citizens of Washington. As a self-supporting agency, everything we do at the Commission is without taxpayer money.

The Commission provides homeownership opportunities for eligible borrowers purchasing homes in the state of Washington through a statewide network of participating lenders.

The Commission performs program administration tasks and has contracted with Idaho Housing and Finance Association (IHFA) to serve in the capacity of Master Servicer.

 - Allows higher Combined Loan-to-Value.
 - Serves special populations.

Purpose and Scope

This Program Manual establishes the operating procedures for Mortgage Lenders and provides detailed instructions for the performance of the written agreements between the Commission and the Mortgage Lenders.

Process Overview

Edited 06/30/2023

Home Advantage Loans are underwritten by Mortgage Lenders according to the first mortgage product guidelines. The Commission and our Master Servicer do not re-underwrite the loan for credit or property. The Mortgage Lender will also submit a Pre-Closing Compliance Package to the Commission for approval prior to Loan Closing.

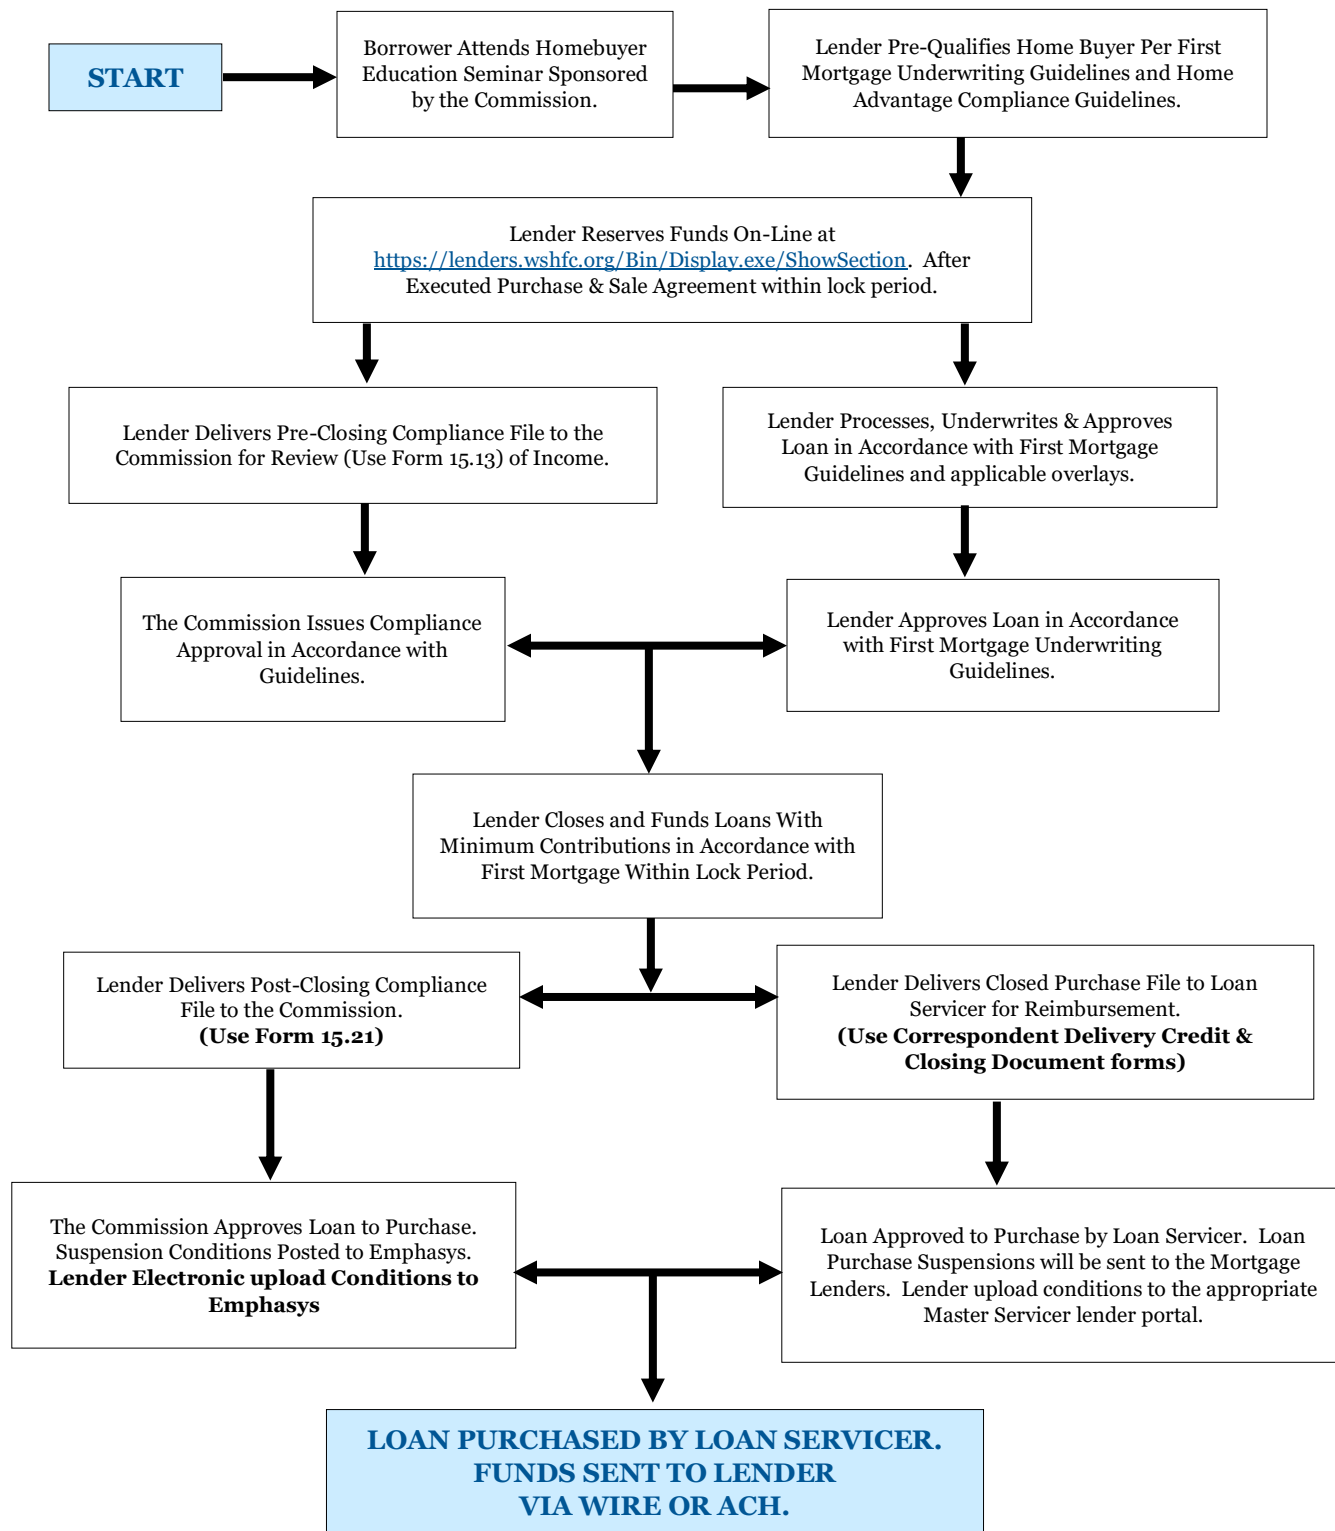

After the loan closes, the Mortgage Lender sends a Post-Closing File to the Commission for approval to purchase. The Mortgage Lender also sends a purchase file as follows:

- Send All Home Advantage FHA/VA/USDA and Home Advantage Conventional purchase files to **Idaho Housing and Finance Association (IHFA)**.

Once all suspension conditions are cleared and files are complete, the loan servicer purchases loans and funds are sent via Wire or ACH transfer

Home Advantage Loans: From Origination to Closing to Purchasing by MASTER SERVICER

Revisions of, or supplements to, this Program Manual may be made from time to time. The Commission will update the Home Advantage manual on the Commission's website. Information contained in the Home Advantage Manual is subject to change. All program updates will be posted on the Commission's Website. It is the Mortgage Lender's responsibility to monitor the Website on an ongoing basis for current information.

Mortgage Insurance

Edited 6/17/2019

All conventional Mortgage Loans with a loan-to-value exceeding 80% must have private mortgage insurance coverage provided a Fannie Mae or Freddie Mac approved mortgage insurer.

Eligible plans include Monthly MI, Financed MI, Split Premium MI or Single Premium MI.

Lender Paid MI not permitted under the program.

The required percentage of MI coverage is determined by the type, term, and LTV of the loan. All loans require standard MI Coverage according to loan type.

Single premium MI programs are acceptable under the Home Advantage Program using the Fannie Mae or Freddie Mac products listed on page 7. The Lender must also verify that the loan meets all of the mortgage insurance companies' underwriting requirements prior to closing. All single premiums must be disclosed on the Closing Disclosure and not reflected as an increase to the rate. When using this option, the lender will pay the Single Premium MI to the mortgage insurance company at closing and obtain the Mortgage Insurance Certificate for inclusion in the loan purchase file to be submitted to the Master Loan Servicer.

Title Insurance

Edited 6/17/2019

The title policy must follow all guidelines for the underlying FHA, VA, Fannie Mae, Freddie Mac HUD, or USDA Rural Development mortgage.

Flood Insurance Policy

Edited 9/23/2019

A flood determination must be completed prior to each loan closing. Flood insurance is required on all properties in a designated flood zone. If flood insurance is required on a loan, the Mortgagor shall obtain the flood insurance. The Mortgagor's property or portion of the property may be located in a designated flood zone; however, the improvements (physical dwelling/home) may be on an elevated site making flooding unlikely. In such cases, the Mortgagor may request a Letter of Map Amendment (LOMA). If Federal Emergency Management Agency (FEMA) issues the requested LOMA, the Mortgagor may terminate its

flood insurance. All Hazard and Flood Insurance policies must follow guidelines in accordance with the underlying first mortgage underwriting guidelines.

A \$10 transfer fee will be required.

Hazard Insurance Policy

Edited 04/11/2022

Hazard insurance coverage must equal the lesser of 100% of the insurable value of the improvements as established by the property insurer or the unpaid principal balance of the first and second (if applicable) mortgage loan amount, as long as it equals the minimum amount—80% of the insurable value of the improvements—required to compensate for damage or loss on a replacement cost basis.

The mortgagee clause on **Home Advantage and Covenant FHA/VA/USDA and Fannie Mae or Freddie Mac Conventional** mortgage policies, binders, and certificates of insurance, serviced by IHFA, must show:

PO Box 818007

Fax: 888-218-9257

Email: insdocs8263@oscis.com

The Master Servicer has no overlays with respect to the timeframe for completion of repairs for weather related non-critical repairs.

“Approve/Eligible” or “Accept” findings are required for a repair escrow.

Follow investor guidelines regarding reason, type of improvements, time to complete, quality, disbursements, and post-closing documentation. The Master Servicer will purchase the loans prior to completion of repairs. Loans with outstanding escrow repairs must not impact the Master Servicer’s ability to deliver/sell the loan to Ginnie Mae, Fannie Mae or Freddie Mac.

The lender or designated escrow company will be responsible for managing and disbursing the escrow funds. The lender shall deliver loans that were originated in accordance with the first mortgage investor guidelines. The lender or designated escrow company will retain the escrow funds until all improvements have been completed.

Repeat Program Users

Edited 3/1/2018

Borrowers who have previously benefitted from Commission programs:

If the Borrower wishes to use Commission programs (Home Advantage, Covenant, House Key or MCC) and has an outstanding Home Advantage, Covenant or House Key loan, the Borrower must pay off the first and second mortgage in full prior to using another Commission program loan.

If the Borrower has an outstanding MCC and wishes to use Home Advantage or House Key, the Borrower is no longer eligible for the MCC credit and must sign a notarized affidavit stating the Borrower understands that the Borrower is no longer eligible for the MCC credit and agrees to no longer claim the MCC credit.

If a Borrower's current or prior home was financed through a Commission program loan and is/was subject to a short sale, foreclosure, bankruptcy or deed in lieu, and the Commission suffered or expects to suffer a loss, the Borrower is not eligible to obtain another Home Advantage, Covenant, House Key or MCC Commission program loan until the down payment assistance obligation and any unpaid amount, regardless of whether such amount was discharged, is repaid to the Commission, and all other program requirements have been met.

A copy of the underwriter's final loan approval reflecting final income figures must be included in the Pre-Closing Compliance Review File.

The instructors are responsible for having all required forms from the Commission in advance of the seminar.

Additional handouts on a variety of homebuying topics as well as the Commission's programs are available upon request or on the Web site.

Seminar Arrangements

Edited 11/5/2020

Please see our [instructor information page](#) with links to class registration form. Please register each seminar online at the Commission website at least **six** weeks in advance. Instructors are allowed to register classes up to 90 days in advance. It is the instructor's responsibility to register and have their seminar approved in advance with the Commission. The Commission cannot retroactively sponsor a class, no exceptions. It is the instructor's responsibility to check the Commission's Website approximately one week after registration approval to make sure all information is correct.

When a seminar's date or location change, please cancel the first seminar and submit a new online registration with the new information using the links under "Homebuyer Education Seminar Set-Up for Instructors." A new class number will be assigned to the new registration. If the class has a time change or an instructor change, please submit a registration using the "UPDATE" class option.

At the seminar, please make sure all participants **complete** all questions on the Participant Registration Form. If the seminar is an in-person seminar, please make sure all participants write legibly with a ballpoint pen prior to issuing a completion certificate. Blue or black ballpoint ink is recommended. Seminar instructors should inform participants of their need to provide a copy of their Completion Certificate to their loan officer for Home Advantage or other Community Homebuyer type loans.

The loan officer will direct their homebuyer to the on-line website at www.ehomeamerica.org/wshfc. Each homebuyer will log

into the course individually by creating their own username and password. Upon successful completion of the course, each homebuyer can print out a Certificate of Completion. The cost is \$50.00 per person and the course will take approximately 6-8 hours to complete. The loan officer will enter the certificate number(s) into the reservation system. This course linked to our website is an online course accepted by the Commission.

On-line eHomeAmerica Certificate of Completion issued by HomeSight, Community Frameworks, NeighborWorks of Grays Harbor County or Homestead Community Land Trust are acceptable by the Commission, provided each borrower has their own separate certificate with a separate certificate number. Program funds may be reserved using a first-come, first-served reservation system. Funds may be reserved once an individual has a fully executed (signed by both buyer and seller) Purchase and Sale Agreement, all borrowers has demonstrated completion of a Commission sponsored Homebuyer Education seminar, has completed a loan application with a Commission trained Mortgage Lender, and appears to meet Program compliance.

Making a Reservation

Edited 9/12/2018

The Mortgage Lender can reserve funds using the On-line Reservation System described in the following pages of this section. Rate locks on a reservation may be made from 9:00 am – 4:00 pm Prevailing Pacific Time Monday through Friday excluding holidays.

The loan originator reserving funds must match the name of the loan originator on the borrower(s) loan application.

Mandatory Delivery Dates

Edited 1/11/2019

Lenders will have 10 days from the date of loan closing to deliver loan to the appropriate master loan servicer. Loans must not be aged more than 45 days from the loan closing date until the time the loan is delivered for purchase. This includes the date the credit and closing file is received and the loan is eligible for purchase. All loans must be delivered to the appropriate master loan servicer within 60 days of the note date. If a file is not delivered within 60 days from the date of loan closing, original Notes will be returned to the lender and the loan(s) will not be purchased. Lenders not meeting mandatory delivery dates will pay extension fees as described below. Lenders not meeting mandatory delivery dates on a regular basis are subject to removal from the Program at the sole discretion of the Commission.

Extensions to Reservations

Edited 2/19/2021

An extension (either 7, 15, 22, 30, 45 or 60 days) to a reservation must be made electronically in writing by 4:00 pm, prevailing Pacific Time, **prior** to the expiration of the lock and sent to lockdesk@wshfc.org for approval using the Rate Lock Extension Form provided on our Website at <http://www.wshfc.org/sf/HAforms.html>. Extension fees are netted out at loan purchase.

Extensions will **not** be accepted via telephone, fax, or through an email to an individual employee of the Commission. An extension will require approval by the Commission and will be subject to market conditions. A fee of .09375% of the loan amount will be applied to 7 day extensions. A fee of .18750% of the loan amount will be applied to 15 day extensions. A fee of .28125% of the loan amount will be applied to 22 day extensions. A fee of .37500% of the loan amount will be applied to 30 day extensions. A fee of .56250% of the loan amount will be applied to 45 day extensions. A fee of .7500% of the loan amount will be applied to 60 day extensions. Fees may be higher depending on market conditions. An acknowledgement of the received email and approval will be sent back to the Lender on the same business day for all extensions made prior to 4:00 pm PT and a condition with the appropriate fees will be posted to the reservation system.

If the Lender fails to extend the lock prior to expiration of the reservation, the Commission will automatically extend the lock and fees netted out at time of loan purchase. The Commission is not obligated to purchase the loan if the lender fails to extend the lock prior to expiration of the reservation.

Changes to a Reservation

Edited 3/1/2018

Changes to a loan reservation can be made by completing and submitting the “Reservation Change Request” form found on our website to lockdesk@wshfc.org. Changes can be made for the following reasons:

1. Increasing or decreasing the loan amount
2. Increasing or decreasing the purchase price
3. Adding or deleting Borrower
4. Changing the amount of Downpayment Assistance
5. Switching from Home Advantage Gov’t to Home Advantage Conventional, or vice versa.

Expired Reservations and Changes in Property

Edited 7/18/2018

The Commission's loan reservation policy authorizes the Lender to make a reservation for funds on behalf of the borrower(s) for a set period of time (lock period). After completing the reservation, the Lender may not cancel and re-reserve funds to obtain a lower interest rate or transfer to a House Key loan. This policy applies to both existing and expired loan reservations. Extensions to existing or expired reservations are at the sole discretion of the Commission and fees will apply.

Extensions to an expired reservation will be based on:

1. Original rate lock price plus appropriate extension to bring the reservation current. Extension fees will apply.
2. In the event the purchase and sale contract is terminated and **the lock has expired**, if the borrower subsequently enters into a contract for a different property, the Lender must cancel the old reservation and may complete a new reservation for funds at current rates.

In the event the purchase and sale contract is terminated and the Borrower subsequently enters into a contract for a different property **within the lock period**, the Lender must provide to the Commission the new property address and loan amount. The Lender will be expected to deliver the loan within the lock period, or the old reservation may be cancelled and a new reservation made at current rates.

Duplicate reservations are not allowed.

Cancelled Reservations

Edited 3/1/2018

Lenders can cancel their reservation on-line until a file is submitted for pre-closing compliance review and then afterwards by emailing lockdesk@wshfc.org.

If the lender cancels a reservation lender cannot re-reserve for the same property until at least 60 days has lapsed from the day the reservation was cancelled or the original lock will be reinstated and loan must be delivered within the original lock period or extensions fees will apply.

Reservation Transfer

Edited 3/1/2018

At the Borrower's option, a Mortgage Lender may request that a reservation be transferred to the requesting Mortgage Lender from the Mortgage Lender who made the original reservation. The new Lender will be expected to deliver the loan within the lock period and pay extension fees as applicable. This can be done by submitting a letter or email from the Borrower to the Commission. The requesting Mortgage Lender must include a cover letter that outlines the situation and includes a letter or email from the Borrower requesting the transfer. This must be done prior to the original Mortgage Lender canceling the reservation. Only one transfer per Borrower is allowed. A Borrower may not have more than one reservation at any one time.

9 - PRE-CLOSING COMPLIANCE REVIEW & APPROVAL

Edited 03/01/2018

Purpose of Pre-Closing Compliance Review

Edited 3/1/2018

One of the principal reasons for the pre-closing compliance review process is to provide Mortgage Lenders a level of assurance that, given no changes in the basic conditions of the transaction, the Mortgage Loan is qualified for purchase by the Master Servicer.

This pre-closing review process is in place only as a service to Mortgage Lenders and does not automatically guarantee that loans will be purchased. Additionally, if a loan is purchased and is subsequently found not to meet Program requirements, the Commission has the authority to request that the Mortgage Lender repurchase the Mortgage Loan.

Following is the procedure for Mortgage Lenders to use when submitting a Mortgage Loan for approval to close:

Submission of Loan File

Edited 3/1/2018

Once the Mortgage Lender obtains all items as listed on page 15.13.1 of the Pre-Closing Compliance Review Checklist Mortgage, the Mortgage Lender is strongly encouraged to submit the file early in the process to the Commission for review. If using downpayment assistance other than Home Advantage 0% downpayment assistance, all items on page 15.13.2 are needed prior to final compliance approval.

Files must be submitted in the order specified on the Pre-Closing Compliance Review Checklist (Form 15.13). This Checklist is located in the Forms section of this Program Manual.

Where to Submit Files

Edited 2/19/2021

Please upload Mortgage Loan file prior to closing electronically to Emphasys.

Please note: The Commission does not accept electronic “secured” files requiring passwords.

Review Procedure

Edited 3/1/2018

Each Mortgage Loan file will be reviewed approximately within two business days of receipt by Commission staff for compliance with Program requirements. The results of the review will be posted on the Internet Web site at <https://lenders.wshfc.org/Bin/Display.exe/ShowSection>.

If a file is suspended, the loan stage will be updated to show as “Pre-Review/Incomplete” and the suspense conditions will be posted on our on-line system. When the file is approved to close the loan stage is updated to “Committed” and the Mortgage Lender can review and print our loan approval and conditions from on-line system. The Commission’s on-line system interfaces with the Master Servicer’s system eliminating the need for Mortgage Lenders to provide them a copy of the approval.

Following acknowledgment of loan “Committed” authorized on the Pre-Closing Compliance Review File Checklist, Mortgage Lenders may close the Mortgage Loan.

The Commission reserves the right to return any file submitted for approval to close that lacks adequate documentation or does not meet Program requirements.

Checking Mortgage Loan Status

Edited 3/1/2018

Mortgage Lenders can access Mortgage Loan information using the On-line Loan Tracking System Web site 24-hours a day at <https://lenders.wshfc.org/Bin/Display.exe/ShowSection>.

The Commission may assign log ins for back office staff to use for viewing and printing file status and conditions.

Lenders may check the status of a loan. Choose the “Loan Status” tab from the menu bar. You may search for the loan by using the WSHFC loan number, Lender Loan number, Borrower name or social security number.

Once the loan have been found, choose the appropriate action from the **Actions Menu**.

- **View** — This will provide you the loan details including loan terms, current status, outstanding conditions and name of Commission file reviewer.
- **Reprint** — This will allow lender to save or re-print the reservation confirmation
- **PDF Docs** — Access all of the PDF documents available for the file. You may generate the pre-closing checklist, FHA DPA Award and DPA Commitment Letters, 2nd mortgage Notes and Deed of Trust or program documents pertaining to the file. Idaho MERS ID: 1009670

❑ **POWER OF ATTORNEY**

The Master Servicer will accept a Specific Power of Attorney that references the property, and authorizes the attorney-in-fact to enter into a real estate transaction and to mortgage the property. The Power of Attorney must:

- indicate clearly that the mortgagor is appointing an attorney-in-fact;
- precisely identify who is being appointed;
- be signed and dated by the borrower;
- be notarized; and
- be recorded prior to, or concurrent with, the security instrument.

❑ **CLOSING DISCLOSURE OR SETTLEMENT STATEMENT (HUD-1, IF APPLICABLE)**

A copy of all Closing Disclosures or HUD-1 Settlement Statements (if applicable) with executed addendums and copy of the final stamped Closing Disclosure or HUD-1 Settlements Statement (if applicable) for both the first and second mortgages must be included with every loan file submitted to the appropriate Master Servicer for purchase to confirm that the loan has closed. - Names of borrowers that match the names on all legal documents.
- Name of property sellers and borrowers, as identified on the Title Policy.
- Property location that matches the Note, Deed of Trust, appraisal, and application.
- Settlement date. This date may or may not be the same as on the Deed of Trust.
- Valid COC's along with proof of receipt of all CD's.

❑ **AGGREGATE ESCROW DISCLOSURE STATEMENT**

All Mortgage Loans must be closed following the Real Estate Settlement Procedures Act (RESPA) guidelines. RESPA regulates the amounts which Mortgage Lenders may hold in impound/escrow accounts established for the payment of real estate taxes and insurance. RESPA requires impound/escrow accounts to be established using the aggregate analysis method.

With the aggregate analysis method, the total disbursements of all items impounded (such as property insurance, mortgage insurance, and property taxes) is calculated, and then divided into 12 equal installments. The Mortgage Lender must also include an additional 2 month reserve for all escrow items with the exception of MI.

When an escrow account is established at the time of loan closing, the Mortgage Lender must provide the borrowers a disclosure, detailing the anticipated disbursements from the impound/escrow account for the 12 months following the loan closing. The

disclosure also states the amount of the monthly impound/escrow payment that will be made by the borrowers. If the exact amounts of the disbursements are not known at the time of loan closing, the statement is to be prepared using the Mortgage Lender's best estimates. Although Mortgage Lenders have the option of analyzing the impound/escrow account at closing or within 45 days of settlement the appropriate Master Servicer requires a copy of the initial escrow account statement.

Conditions required prior to loan purchase or separate follow up documentation must be clearly identified with the appropriate Master Servicer's loan number and the Mortgage Lender loan number.

The most common curatives occur for: a missing note; incorrect endorsement to the note; incomplete copy of the Deed of Trust, missing Closing Disclosures; missing or incomplete hazard policy/declaration page, tax, mortgage insurance, or flood information.

In the event a loan is not purchasable the lender is required to provide an Assignment of Deed of Trust for the second mortgage to the master loan servicer to execute on behalf of the Commission.

First Payment/Notice of Assignment

Edited 3/1/2018

Lenders are responsible for servicing the loan until purchased by the loan servicer to include the payment of all required escrow disbursements for each loan during the period from closing to purchase.

The originating lender retains the loan servicing rights and benefits until the loan servicer purchases the loan. The originating lender will perform all servicing duties until that time.

Servicing and benefits rights transfers to the loan servicer at the time of loan purchase.

IHFA:

IHFA will send the borrowers a welcome letter with payment instructions at the time of loan purchase.

The Master Servicer assumes Seller will collect scheduled payments that have already become due. For Loans purchased fewer than 15 days prior to the next payment due, the appropriate Master Servicer will amortize down one more payment so the scheduled purchase balance is lower than the current unpaid principal balance. A pay history is required after two payments.

For scheduled balance Loans funded between the 1st and 15th day of the month, the Effective Date of Transfer is the 1st day of the following month. For Loans funded after the 15th day of the month, the Effective Date of Transfer is the 1st day of the second month following the Sale Date. It is Seller's responsibility to continue servicing the loan and collecting payments up to the Effective Date of Transfer and to forward all curtailments received during this time.

Hazard Insurance Premium

Edited 3/1/2018

A copy of the Declaration Page showing the first annual premium is paid in full should be included with the Loan Closing Package. The appropriate Master Servicer will also accept a copy of the binder with the policy number and paid receipt.

Please see [Section 2](#) for additional information.

FHA Monthly Insurance Premium

Edited 5/18/2020

Idaho Housing Finance and Association (IHFA) requires the lender to be responsible for all monthly MIP payments for the months the lender is collecting the payment. The appropriate master servicer will be responsible for making the monthly insurance payment for loans purchased when the first payment due date on the Note is also the first payment due to the appropriate master servicer.

Conventional Mortgage Insurance Premiums

Edited 3/1/2018

The first monthly mortgage insurance premium on a conventional loan is due at the time the loan closes. Mortgage Lenders are responsible for the initial monthly premium.

Post-Closing Details of Origination Charges: Items Payable in Connection with Loan

All downpayment assistance programs offered at the Washington State Housing Finance Commission are community second mortgages and must be used in conjunction with a Commission first mortgage program. Each Downpayment Assistance program offered at the Commission receives funding from different sources including, but not limited to federal funds (HOME, CDBG), state funds, city funds (housing levy) and the Commission's Program Related Investment.

Additional guidelines per the individual program manuals also apply and are required as per the source of funds for the downpayment assistance program.

Buydowns

Edited 3/1/2018

Lenders may not offer rates lower than the ones published on our Website and reserved on the Emphasys system. Further buydowns are not allowed.

Reservations

Edited 10/10/2022

Reservations for downpayment assistance loans are usually made on the Emphasys system at the same time as the first mortgage loan reservation. Funds are reserved on a first-come, first-served basis. Loan originators may reserve the maximum allowable amount per the program guidelines for their borrower since cash to close cannot be exactly determined at loan reservation. A reservation for downpayment assistance can be made on-line at any time prior to submission of a pre-closing compliance package. Increases in the reservation amount are subject to the availability of funds. If funds are not available, our Website will indicate if we are taking a wait list.

Reservations for any Needs Based or specialty downpayment assistance programs are **not** permitted on the 3% or 5% Home Advantage first mortgage rate options, use only the 4% Home Advantage first mortgage rate option.

Income Calculation

Edited 7/01/2024

The source of funding determines how income is calculated for the program. Please refer to the correct downpayment assistance manual for the type of income used for the program.

Compliance Income

Please refer to the individual downpayment assistance manual to see if the downpayment assistance program uses compliance income.

Current downpayment assistance programs using compliance income include ARCH, and Bellingham DPA.

The calculation used to determine compliance income is the same as the calculation used to determine compliance income for the House Key first mortgage as shown in Section 3 of the House Key Manual which uses future anticipated income for all household members 18 years of age or over. Please contact the Commission if you need assistance calculating compliance income.

After the applicant's income for the Second Mortgage has been calculated, refer to the Maximum Income Limits chart in the individual downpayment assistance manual to determine if the applicant is at or below the income limit.

Credit Underwriting Income

Please refer to the individual downpayment assistance manual to see if the downpayment assistance program uses credit underwriting income.

Current downpayment assistance programs using credit underwriting income include the Home Advantage DPA, Home Advantage Needs Based DPA, HomeChoice, Veterans, Opportunity DPA, Clark County DPA and the Covenant Homeownership DPA.

When using Credit Underwriting Income, the income for the downpayment assistance program is different than the income used to determine income for the House Key program which uses household "Compliance" income as shown in Section 3 of the House Key Manual. For downpayment assistance mortgages using Credit Underwriting Income only, income is calculated according to the investor's (FNMA, Freddie Mac, FHA, VA or USDA) underwriting guidelines. The lender should then refer to the Maximum Income Limit in the manual to determine if the borrower is at or below the income limit.

A copy of the underwriter's signed income worksheet or loan approval reflecting final income figures must be included in the Pre-Closing Compliance Review File.

Calculating Downpayment Assistance Loan Amount

Edited 07/01/2024

For the **Home Advantage 0% downpayment assistance** loan, the loan amount cannot exceed 3%, 4% or 5% (5% DPA option available on Conventional or FHA only) of the total gross loan amount of first mortgage, rounded down to the nearest dollar. No Needs Assessment form is required.

For the **Covenant DPA**, the loan amount is up to 20%, not to exceed \$150,000, of the purchase price or appraised value, whichever is less, plus applicable allowable closing costs (per Community Second guidelines) paid by the homebuyer. The underwriter will calculate Need using the Covenant Needs Assessment form. The borrowers assets will not be considered on the Covenant Needs Assessment form.

For all other Commission second mortgage programs including Home Advantage 1% Needs Based Option up to \$10,000:

The downpayment assistance loan amount is the lesser of:

1. Amount of need as established by the Needs Assessment Form (based on maximum financing or based on gap financing) calculated by the underwriter; or
2. Maximum loan amount per program.

Needs Assessment Form (Not Applicable to Home Advantage Downpayment Assistance Program at 0% Interest)

Edited 05/25/2025

The underwriter will calculate the Needs Assessment Form located in the Forms section of the Downpayment Assistance Manuals at underwriting approval to determine the exact amount of funds needed. The Needs Assessment Form should be completed using a **current** VOD or bank statements and should be adjusted as the borrower's situation changes.

The underwriter will determine the down payment, closings costs, additional costs, and pre-pays as shown on Needs Assessment Form. These figures should match 1003 and underwriter's loan approval. The underwriter determines the amount of cash required by the Borrower to close the transaction. Stocks, bonds, IRA's, 401(k)s, mutual funds, life insurance policies, annuities liquid assets, and any other type of account causing a penalty in order to access are not included in the calculation.

The Mortgage Lender will then subtract out seller and Mortgage Lender contributions. The Mortgage Lender then determines liquid assets available to borrower in checking/savings accounts. The Mortgage Lender will list out separately gift letters if gift has not already been verified in checking account. The earnest money, lender deposits and paid out of closings should be listed separately if the money has cleared the bank based on VOD or bank statement. These figures should match the 1003 and underwriter's loan approval.

Subtract the allowed liquid reserves from the total amount of verified assets available at underwriting approval. If the amount is less than or equal to 0 enter "0" on Needs Assessment Form.

The underwriter calculates the shortage of cash to close based on the total cash required to close (on Needs Assessment Form) from Total Assets Available to Close minus up to 12 months PITI or \$20,000 whichever is greater (on Needs Assessment Form).

For the **Covenant DPA**, The underwriter will calculate Need using the Covenant Needs Assessment form. The borrowers assets will not be considered on the Covenant Needs Assessment form.

Eligible Uses of Downpayment Assistance Funds

Edited 02/20/2025

- Downpayment Assistance funds are used for downpayment, closing costs, and pre-pays. Per GSE guidelines, borrower paid real estate commissions are allowed to be paid only for Fannie Mae and Freddie Mac loans. Real estate commissions are not allowed to be paid for government loans including FHA, VA and USDA.

- Downpayment Assistance funds cannot be used to buy either the first or second loan down.
- Downpayment Assistance funds cannot be used to pay off bills or liens of the borrower. If the borrower is required by underwriting to pay off bills in order to qualify, these items must be paid by the borrower. Please provide a copy of the loan approval with the total of the bills to be paid by the borrower as required by underwriting. This amount must match the amount on the Closing Disclosure.
- Downpayment Assistance funds cannot be used to replenish the Borrower's bank account if they do not have reserves in the bank after closing.
- Downpayment Assistance funds cannot be used to pay for repairs to property. Furthermore, if Borrower chooses to pay for repairs from their own funds, escrow holdbacks must be for an exact bid from contractor. In order to avoid cash back, escrow cannot over collect borrower funds (i.e. 1 1/2 times). Please refer to [Escrow Holdbacks](#) and [Acquisition Cost](#).
- Downpayment Assistance funds cannot be used to pay the difference between the sales price and the appraised value.
- Downpayment Assistance funds cannot be used to pay for short sale negotiation fees, attorney fees, or any other similar fees.

In order to avoid cash back issues at closing, the Mortgage Lender should re-calculate the Needs Assessment Form where applicable after receiving an estimated closing statement. Adjustments should be made to the loan amount if necessary **prior** to releasing loan documents. If in doubt, it is always a good idea to reduce the loan amount slightly than risk the chance of the borrower receiving cash back.

On the **Needs Assessment and the Covenant Needs Assessment Form**, if the borrower's front-end ratio (PITI/Income) is less than 25% based on the appropriate income for the downpayment assistance program, the underwriter will decrease amount of subsidy to bring up the front-end ratio to acceptable assistance base levels for gap financing. The Borrower must qualify with the 25% ratio test in order to be eligible for gap financing. If the borrower fails to meet the ratio test, then the underwriter must proceed using the appropriate maximum loan-to-value (LTV) allowed by the first mortgage type. In other words, on an FHA loan, the minimum downpayment is 3.5%.

The Needs assessment does not apply to the Home Advantage 0% Downpayment Assistance Program.

Cash Back

Edited 9/11/2024

The intent of the Downpayment Assistance Loan is to provide the funds necessary to close the transaction and not to provide cash back to the borrower.

In no event will downpayment assistance funds result in cash back to the Borrower. Mortgage Lender should advise Borrower upfront that if a check is presented to them at closing when using a downpayment assistance mortgage funds, and the check exceeds the amount(s) that they originally paid in to the transaction via required earnest money and lender deposits, that they should refuse the check. With the exception of the Home Advantage DPA program at 0% Interest, the Borrower should also refuse the check if the amount of the total refund plus their current liquid assets in the bank will result in more than 12 months PITI or \$20,000 whichever is greater in reserves

In the event that there is a refund to the borrower at closing and the refund plus the Borrower's remaining liquid assets exceed 12 months PITI or \$20,000 whichever is greater, the Lender may apply the *refund* amount towards the principal balance of the 2nd mortgage or lower the amount of assistance and redraw the loan documents. If it is then determined that cash back was given to the Borrower, the refund amount will need to come from the borrower, not the lender. The appropriate master loan servicer will not purchase the Mortgage Loan unless the second mortgage note is lowered accordingly and within the allotted time frames.

If using ARCH, or Bellingham downpayment assistance, the borrower may not receive ANY cash back at closing, including earnest money or funds paid in, as per HOME fund rules, excess funds must be used to pay down the DPA loan.

Closing and Delivering the Loan

Edited 5/18/2020

Program Application Fee

There is a \$40.00 program application fee for all downpayment assistance loans. This amount will be subtracted from amount reimbursed to the Mortgage Lender. This fee must be disclosed on the second mortgage documents.

Funding and Delivery

Participating lenders fund the second mortgage at loan closing. The funding and delivery procedures are as follows:

1. Second mortgage Notes and Deeds of Trust are originated under the Commission's name;
2. The appropriate master loan servicer will purchase loans with a copy of the Deed of Trust with the original recorded copies to follow.
3. Interim interest is not collected at closing on the downpayment assistance loans with deferred payments.

HUD Commitment Letter for FHA Loans

Edited 4/24/2019

Per HUD ML #2013-14 dated May 9, 2013, the Washington State Housing Finance Commission has, at or before closing, incurred a legally enforceable obligation to provide the funds for the Borrower's required Minimum Cash Investment. A Commitment Letter can be downloaded from Emphasys by the originating Lender in compliance with FHA's insurance requirements applicable to secondary financing transactions. This letter can be downloaded electronically from Emphasys by the Contact Name who reserved the funds in the Emphasys system after the loan is "Committed".

Per HUD ML #19-06 dated April 18, 2019, required language has been added to the HUD Commitment Letter for an FHA loan. You will find the Commission authorizing legislation [here](#) and find the required [opinion](#) from the Commission's legal counsel signed and dated within two years of closing the transaction stating they reviewed our downpayment assistance programs and concluded they are consistent with the Mortgagee Letter 19-06.

FHA Insurance Award Letter

Edited 3/1/2018

The Commission has agreed to loan to the Borrower a Second Mortgage Loan on the terms as shown on the Emphasys system. An Award Letter to satisfy the requirements of HUD Handbook 4000.1 will be issued to the Borrower(s) by the Commission when the loan is "Committed".

Insurance Requirements

Edited 11/28/2018

Hazard Insurance

Hazard insurance is required sufficient to cover both the first and second mortgages, or the maximum insurable value of the property whichever is less. The policy must contain a guaranteed replacement cost endorsement. Binder must indicate the first loan be payable to the appropriate loan servicer using the standard Mortgagee clause as written in [Section 2](#).

Title Insurance

Title insurance coverage is required for the first mortgage only. The second mortgage appears as a lien of record in second position when the policy is issued. As title insurance is not required for the second mortgage, the lender is not allowed to charge a title fee on the second mortgage.

Payment Statement

Edited 3/1/2018

On the second mortgage, the Borrower receives a separate monthly statement from the appropriate master loan servicer.

Payoff of Second Mortgage

Edited 3/1/2018

All second mortgages are due and payable upon sale, refinance, early payoff of the 1st mortgage, no longer occupy the property as primary residence or transfer of the property as shown in the note and deed of trust for the downpayment assistance program.

If the Borrower(s) refinances, the second mortgage must be paid off in full. The Commission will only subordinate our second mortgages in conjunction with a Home Advantage first mortgage if program is available. The downpayment assistance loan is not assumable.

The Borrower(s) should contact the appropriate master loan servicer for payoff information on their first mortgage and second mortgage as applicable.

TRID Guidance

Edited 10/10/2018

Please follow your own company's compliance guidelines for TRID and RESPA. The loan is subject to repurchase if the loan is not eligible for pooling or is audited and found to not be in compliance. As a courtesy to our lenders, we have Loan Estimates and Closing Disclosures if your system is unable to generate them. You are also welcome to use your own forms as applicable.

These forms are made available as a courtesy to our lenders to use at lender's own discretion. Please feel free to use these disclosures or those provided by your Lending Institution. The Commission makes no representation regarding the accuracy or compliance of these forms with regulatory requirements. Please check with your own company's compliance department regarding whether these forms satisfy your compliance requirements.

By using these forms, you are agreeing that the Commission and its employees assume no responsibility for, and that you will hold the Commission and its employees harmless from, any claims or expenses that may be related to or arise from any violation of law arising from your use of these forms.

In most cases, a Loan Estimate and Closing Disclosure will be required on amortizing loans, loans with deferred interest with an interest rate, and loans with deferred payments at 0%, but that is up to your own company's interpretation of TRID. If the Commission is uncertain regarding the documentation presented we may request a letter from your corporate to verify your loan closing documents meets TRID compliance guideline.

A. Most Mortgage Insurance Companies offer special guidelines for housing finance agencies. Please check directly with them for terms and conditions.

Q. My Borrower wants to purchase a home in Whatcom County and use the HFA Preferred or HFA Advantage product. In the open market, the income limit is lower. What is the income limit?

Q. At Loan Closing, can the Lender charge additional points?

A. No. The Lender can only charge up to the maximum origination and points as indicated on your Emphasys loan approval.

Q. As a Loan Originator, how much money will I make on a Home Advantage Loan?

A. The Mortgage Lender will make 2.25 points per loan plus other allowable fees if such fees are usual and customary up to a maximum of \$1,800. Q. Are there any additional disclosures to the Home Advantage loan with a Single Premium MI Program?

A. The Mortgage Insurance Company will require a disclosure for the Borrower's signature. Since the language usually refers to a rate adjustment instead of a fee adjustment, the Lender can add language to the disclosure to say that the loan level pricing adjustment will be added as a fee in the form of points on the Closing Disclosure Statement. The Commission, however, does not have any additional forms that need to be signed by the Borrower for compliance purposes.

Q. Is it acceptable to close a Home Advantage first mortgage and with a community second program from a local nonprofit?

A. Yes, if the downpayment assistance program meets community second guidelines per the first mortgage type. It is the Mortgage Lender's responsibility to review the Program Description, Note and Deed of Trust for community seconds compliance. The underwriter must show the name of the community second program and verify the program is an approved community second program and lien position on the 1008 or HUD 92900-LT.

Q. What is the Commission's EIN#?

A. 91-1874730
