Methods for Targeting:

The Commission is committed to ensuring that HAF funds reach homeowners most in need of assistance, and we recognize that outreach is the essential element to making that happen. We have set several goals and have identified target groups of homeowners hit hardest by COVID 19 and who are most likely to be excluded from other assistance options; those like BIPOC communities, households with low incomes, people with limited English proficiency, and other traditionally excluded groups. The goals of marketing are as follows: statewide distribution of funds, reach underserved communities, build trust with historically excluded groups, and prioritize partnerships with non-profits and

1. Please provide an update on your targeting plan including challenges, successes, etc.

others that have proven experience serving marginalized and BIPOC communities. To achieve these goals, we have reached out to more than 300 community-based organizations across Washington State, via a public relations firm with established relationships in underserved communities and BIPOC media, and created an ad campaign in five different languages that

	reaches communities across the state.
--	---------------------------------------

2. Is the targeting plan put forth in the HAF Plan achieving the desired results?	Yes
---	-----

Best Practices and Coordination:

1. Have you coordinated with any of these agencies? (FHA, VA, USDA, GSE's, State or Local Agencies that hold mortgage portfolios)	Yes
---	-----

If so, please provide best practices and information on coordination efforts.	Coordination with the agencies has occurred during our regular national calls and outreach efforts via the National Council of State Housing Agencies (NCSHA) which includes representatives of those groups and other states that are administering HAF programs.
---	--

2. Have you coordinated with servicers?	Yes
---	-----

--

If so, please provide best practices and information on coordination efforts.

We coordinate with servicers via the Servicer Participation Agreements necessary for the administration of the HAF program. Consistent and repeated contact has allowed us to bring nearly every necessary servicer into the program. In addition, coordination with servicers takes place during our regular servicer calls conducted by the National Council of State Housing Agencies (NCSHA).
