

WASHINGTON STATE HOUSING FINANCE COMMISSION

**** AMENDED ****
BOARD MEETING PACKET
June 27, 2024

Public Engagement at Commission Meetings

Members of the public are welcome at all the meetings of the Housing Finance Commission board. These include monthly business meetings as well as work sessions, which typically take place quarterly.

Sharing Your Thoughts

We are committed to providing a fair, respectful and safe opportunity for all voices to be heard. Public comment is not part of Commission work sessions, but business meetings offer two opportunities:

- **Public hearings (specific topics):**

Most Commission meetings begin with public hearings on specific financing projects or other decisions that will come to the Commission for a decision in the near future. Please limit comments during this time to those directly related to the hearing topic.

- **Public comment period (any topic):**

During this period, which takes place at the end of the business meeting, the Commissioners listen to public concerns and comments on any topic related to the work of the Commission. Anyone who wishes to speak can take this opportunity. The starting time for the public comment period depends on the length of the Commission's other business.

The Commissioners may not respond to your comment or question during the meeting, but staff may follow up with you with your consent.

- **Zoom Chat**

The chat feature is disabled in all Commission meetings and work sessions, as phone attendees cannot participate.

Raising Your Hand

The meeting chair will ask you to "raise your hand" or otherwise indicate that you would like to speak. If online, use the Zoom "raise hand" feature. Attendees on the telephone can press *9 to "raise a hand." Whether or not you are able to virtually raise a hand, the chair will provide time and opportunity for all to share their comments before closing the public comment period.

Community Standards

- Please keep your comments brief (2 minutes). The chair may ask you to bring your statement to a close after that time, especially if others are waiting to speak.
- Please keep your comments respectful. Any remarks or behavior that is rude, abusive, or otherwise disruptive will not be tolerated. This specifically includes slurs regarding protected classes as outlined by federal and state statute, such as race/ethnicity, disability, religion, sexual orientation, gender identity, etc. For complete list of state protected classes, visit hum.wa.gov.
- Those who do not follow these standards will be asked to leave or removed from the meeting.

3. Briefly describe the project, the location and population to be served. If project is considered an "Urban Type Project" for purposes of the TDC limit, explain how it qualifies for that determination.

Bellis Fair Family Housing project will be located within the northern Bellingham city limits. The whole project will consist of two phases of low-income tax credit housing. The initial phase, for this application period, will include 63 units consisting of studio, one, two, and three bedroom floorplans with rents set to be affordable for households at 30%, 50%, and 60% of the average median income. The project is programmed to have 20% of units set aside for households with a disability as well as another 20% of units set aside as permanent housing for families exiting from homelessness. In addition to providing affordable housing, the complex will also have a co-located 5 classroom early learning facility on site. The early learning facility will provide over 80 slots of low cost childcare including opportunities for WCCC, ECEAP, and Early Head Start.

This project was selected as the Whatcom Metro Pool priority project for 9% LIHTC. The project is located within the northern area of Bellingham city limits in a residential/commercial use zone. The project fronts the sidewalk and is at grade with Eliza Avenue and Bellis Fair Parkway adjacent to the Bellis Fair Mall. The neighborhood is a mix of commercial retail, entertainment, and residential housing. The early learning center will be located on the first floor separated from residential common areas and property management spaces.

4. Where are you in the design/bidding process? Is a contingency or cost escalator included? If so, please explain what the assumptions are.

The project has completed conceptual design and has been working on finishing full schematic design with Third Place Design Cooperative and Dawson Construction as the GC. The GC was brought on early in the pre-design phase to assist with value engineering and cost containment strategies. The cost estimate was generated by Dawson based on the most recent schematic design and specs provided by the architect. Dawson is currently under construction on four similarly public funded projects in Bellingham. The design team has had a pre-development meeting with the city to ensure that the design is feasible as designed.

The general contractor included a 8% escalation contingency to account for increases in cost between now and an anticipated construction start in the fall of 2024. The owner is carrying a 5% change order contingency, which we feel is appropriate given the complexity of the site and the stage we are at.

5. Calculation of Project's Total Development Cost*

8. Include reasons why higher cost items have been included in the project. Also identify and quantify steps that have been taken to mitigate costs. If the project includes long term sustainability components beyond the Evergreen Sustainable Development Standards (ESDS), identify each item, why the decision was made to include it, and quantify the upfront costs and long term benefits.

If project already has a current TDC Waiver Approval and this is an **additional** waiver request above that, clearly explain the cost differences between the approved Total Development Cost in the original request and the Total Development Cost in this waiver request.

The current TDC limits reflect State Prevailing Wages - Residential as well as Davis Bacon - Residential Wages.

The Bellis Fair project will apply Universal Design strategies to create culturally appropriate, inclusive and accessible living spaces and common areas for residents. The universal design will require integrating additional features and amenities such as gender free restrooms, inclusive common areas, accessibility improvements for visual/hearing and physical disabilities, as well as sensible spaces for neurodivergent and behavioral informed care. Community resource rooms and computer labs are also incorporated into this project providing more resident onsite support both during traditional business hours as well as evenings and weekends and will provide valuable resources to reduce the learning equity gap for children and families of color.

Outdoor enhancements that promote physical activity and community engagement are also a part of this Universal Design. Some of these features will include multi-modal pathways, expanded public transportation accessibility, EV charging stations, and tenant recreation opportunities.

Sustainable Development standards are also prioritized for this project to minimize the long term impact of tenant impacted utility costs (rent stabilization) and project owner ongoing operational costs. Each unit will have an independent ERV system that helps 1) prevent cross contamination between dwelling units, and 2) mitigate environmental factors such as wildfire smoke, smog, and other outdoor air pollutants. Additionally, units are designed with independent heating and cooling systems to provide better comfort and health performance during extreme weather cycles.

The fully electric building will be supported by a full solar install, also now a requirement of the City of Bellingham's new energy code, providing long term re-generative energy opportunities and resiliency. Storm water management requirements also create a cost impact as enhanced systems are required for onsite water treatment, detention and low impact development requirements such as bio-swales and bio-retention gardens.

The design team is currently completing schematic design and continues to work with the project GC to establish ways to reduce costs. Recent design modifications were made to remove tuck under parking to create more MEP/HVAC storage and resident common area space. This design change allowed us remove the need for PT decking as well as provided a better opportunity corridor and unit stacking above the early learning facility.

Some of these features will include multi-modal pathways, expanded public transportation accessibility, EV charging stations, and tenant recreation opportunities.

Sustainable Development standards are also prioritized for this project to minimize the long term impact of tenant impacted utility costs (rent stabilization) and project owner ongoing operational costs. Each unit will have an independent ERV system that helps 1) prevent cross contamination between dwelling units, and 2) mitigate environmental factors such as wildfire smoke, smog, and other outdoor air pollutants. Additionally, units are designed with independent heating and cooling systems to provide better comfort and health performance during extreme weather cycles.

The fully electric building will be supported by a full solar install, also now a requirement of the City of Bellingham's new energy code, providing long term re-generative energy opportunities and resiliency. Storm water management requirements also create a cost impact as enhanced systems are required for onsite water treatment, detention and low impact development requirements such as bio-swales and bio-retention gardens. The above listed items increase costs by \$4.4M.

The design team is currently completing schematic design and continues to work with the project GC to establish ways to reduce costs. Recent design modifications were made to remove tuck under parking to create more MEP/HVAC storage and resident common area space. This design change allowed us remove the need for PT decking as well as provided a better opportunity corridor and unit stacking above the early learning facility.

Finally, and consistent with the current industry trends, the contractor has built 8% contingency into their initial estimate, projecting a 2025 construction commencement date.

The more significant cost drivers for this project were outside of the developer's control given the extent of requirements associated with this specific project's intent. As such, I recommend approval of this cost waiver.

Subject: Comments re: 24-03, Bellis Fair Family Housing for WSHFC 6/27 public hearing

Dear Ms. Vatske and Commissioners:

I am writing to provide comments from the City of Bellingham ("City") related to the upcoming Public Hearing on June 27 at 1 pm, which I will not be able to attend. The Commission will be considering the allocation of tax credits to this project, and the City is in support of this allocation.

The City has committed \$5.2M to this project from a combination of local dollars, ARPA, HOME, and pass-through from Commerce CHIP funds. It is a high-priority project for us, and we have taken the unusual step of working diligently over the past 18 months to shepherd the transfer of the property from Bellis Fair Mall ownership to Opportunity Council; a complex process that is now complete. The City also sits on the Whatcom Housing Advisory Committee, the entity that discusses and votes on prioritization of 9% LIHTC for our region, and unanimously supported this project as the priority project for application last year. We are eager to see this site developed and utilized for much-needed affordable housing in our community, and urge you to approve the request.

Thank you for your partnership and support!

RESOLUTION NO. 24-75

A RESOLUTION of the Washington State Housing Finance Commission making findings and determinations with respect to housing needs within Washington; approving a program to finance multifamily housing; authorizing the issuance of not to exceed \$20,000,000 of multifamily tax-exempt bonds in two or more series to finance all or a portion of the construction and equipping of an 82-unit multifamily housing facility in Oak Harbor, Washington, to be owned by Camas Flats Oak Harbor 1, LLLP; approving the sale of the bonds to Stifel, Nicolaus & Company, Incorporated; delegating to the Executive Director of the Commission the authority to execute a final form of bond purchase agreement with Stifel, Nicolaus & Company, Incorporated; approving the form of a trust indenture, a financing agreement, a tax certificate and a regulatory agreement; and authorizing the officers and Executive Director of the Commission to amend and execute such documents and other related documents.

WHEREAS, the Washington State Housing Finance Commission, a public body corporate and politic of the State of Washington (the “Commission”) has been duly constituted pursuant to the authority and procedures of Laws of 1983, Chapter 161 of the State of Washington, as amended, now codified at RCW 43.180 et seq. (the “Act”); and

WHEREAS, the legislature of the State of Washington (the “State”) has declared it to be a public policy of the State and a recognized governmental function to assist in making affordable and decent housing available throughout the state; and

WHEREAS, the Commission has previously found and determined that many persons and households in the state continue to be unable to rent safe and sanitary housing in the areas in which they reside at an affordable cost to them; and

WHEREAS, the Act authorizes the Commission to participate fully in federal and governmental programs to secure for itself and the people of the State the benefits of such programs; and

WHEREAS, the Internal Revenue Code of 1986, as amended (the “Code”), grants an exemption from federal income tax for interest paid on obligations where the proceeds thereof are used to finance multifamily housing facilities meeting the requirements of the Code; and

WHEREAS, the Commission adopted a Housing Finance Plan (the “Plan”) on December 12, 2019, following public notice and hearings as required by the Act; and

WHEREAS, KeyBank National Association (the “Bond Lender”), offered to originate two qualified loans in the aggregate principal amount of not to exceed \$20,000,000 (together, the “Bond Loan”) to Camas Flats Oak Harbor 1, LLLP, a Washington limited liability limited partnership (the “Owner”), to finance a portion of the construction and equipping of an 82-unit housing facility in Oak Harbor, Washington (the “Project”) to be owned and operated by the Owner and to pay costs of issuing the Bonds (as hereinafter defined), and to assign the Bond Loan to U.S. Bank Trust Company, National Association (the “Trustee”) on behalf of the Commission; and

WHEREAS, the Owner has requested that the Commission issue its Multifamily Tax-Exempt Mortgage-Backed Bonds (M-TEMS) (Camas Flats Apartments Project), Series 2024A (FN), and its Multifamily Housing Revenue Bonds (Camas Flats Apartments Project), Series 2024B (together, the “Bonds”), in two or more series and in the aggregate principal amount of not to exceed \$20,000,000, and use the proceeds thereof to finance a portion of the construction and equipping of the Project; and

WHEREAS, the Bonds will be publicly sold and are expected to be rated “Aaa” and “Aaa/VMIG 1,” respectively, by Moody’s Investors Service, Inc., and will be secured by (a) initially, cash-funded collateral accounts held by the Trustee, funded from time to time with a portion of the proceeds of two mortgage loans from KeyBank National Association, and other

available, bankruptcy-remote funds as permitted by the Indenture (as defined below), and (b) upon the occurrence of certain conditions, one or more mortgage-backed securities guaranteed as to timely payment of principal and interest by the Federal National Mortgage Association, which mortgage-backed securities will be acquired by the Trustee with the amounts then on deposit as collateral for the Bonds; and

WHEREAS, the Commission has given preliminary approval to the Project by Official Intent Declaration No. 23-46A, the Commission held public hearings with respect to the Project on February 22, 2024 and May 15, 2024, and the Governor has, or by the closing on the Bonds will have, approved the Project and the Bonds; and

WHEREAS, the Commission has received a form of bond purchase agreement (the “Bond Purchase Agreement”) from Stifel, Nicolaus & Company, Incorporated (the “Underwriter”) to purchase the Bonds in whole; and

NOW, THEREFORE, BE IT RESOLVED by the Washington State Housing Finance Commission as follows:

Section 1. Definitions. Unless otherwise defined in this resolution, capitalized terms used herein shall have the meanings set forth in the following documents filed with the Commission: the Indenture of Trust between the Commission and the Trustee (the “Indenture”); the Financing Agreement among the Commission, the Owner, the Bond Lender and the Trustee (the “Financing Agreement”); a Regulatory Agreement between the Commission and the Owner (the “Regulatory Agreement”); the Non-Arbitrage Certificate of the Commission (the “Tax Certificate”); and the form of Bond Purchase Agreement among the Commission, the Owner and the Underwriter.

Section 2. Findings. The Commission hereby ratifies its prior findings that there are a substantial number of persons and households in the state who are unable to rent apartments in various parts of the state or the rents required are substantially in excess of the available income of such persons or households. As a result, many persons and households are unable to rent safe and sanitary housing at a reasonable cost without financial assistance. A principal reason that the cost of renting apartments is not affordable for such persons and households is the interest rate on mortgage loans used to acquire, construct and rehabilitate multifamily rental projects. The provision of lower interest rate loans will encourage developers to acquire, construct and rehabilitate projects which will make additional units available to persons and households at affordable cost and will act as a significant stimulant to the economy of the State.

Section 3. Multifamily Program. The Commission hereby ratifies, affirms and adopts its program to finance the acquisition of multifamily mortgage loans on eligible multifamily projects through the issuance of nonrecourse multifamily mortgage revenue bonds (the “Program”). The Commission hereby finds and determines that the Program and the Bonds are in furtherance of the Act and the Plan.

Section 4. Governmental Program. The Commission hereby ratifies and affirms its authority to participate fully in federal and other governmental programs in order to secure for itself and the people of the State the benefits of such programs. The Commission hereby finds and determines that the proposed financing and issuance of the Bonds are in furtherance of the Act and the Plan.

Section 5. Authorization of Bonds. The Commission hereby authorizes the issuance and sale of its bonds to be designated “Multifamily Tax-Exempt Mortgage-Backed Bonds (M-TEMS) (Camas Flats Apartments Project), Series 2024A (FN)” and “Multifamily Housing

Revenue Bonds (Camas Flats Apartments Project), Series 2024B” in two or more series, with appropriate series designation, and in an aggregate principal amount of not to exceed \$20,000,000, pursuant to and in accordance with the provisions of the Act, the Code, and the Indenture.

Section 6. Approval of Documents. It is hereby found and determined that the Indenture, the Financing Agreement, the Regulatory Agreement and the Tax Certificate conform to the requirements of the Act and the Code and provide for the maximum available security for the Bonds consistent with the Act and the Code.

The Indenture, Financing Agreement, Regulatory Agreement, and Tax Certificate are hereby approved in substantially the forms filed with the Commission. The Chair, Vice Chair, Secretary or the Secretary’s designee, Executive Director or the Treasurer of the Commission are each authorized to execute such documents, the documents contemplated therein, and any other necessary documents or certificates on its behalf including the final offering document, and to do all things necessary on its behalf to proceed with the issuance, sale and delivery of the Bonds as authorized herein. Only one signature is required to bind the Commission. Such officers, the Executive Director or the Secretary’s designee are each authorized to approve such changes in these documents as are recommended by counsel to the Commission that are in furtherance of the Program and which do not materially increase the obligations of the Commission as described in such documents on file with the Commission. The Executive Director is hereby authorized to execute documents and certificates on behalf of the Commission as are required for the issuance, sale and delivery of the Bonds including, but not limited to, certificates required by the securities laws of various states and the United States of America. The designee of the

Secretary may execute documents on behalf of the Secretary, and all prior acts of such designee on behalf of the Secretary are hereby ratified and confirmed.

Section 7. Sale of the Bonds. The Commission hereby authorizes and approves the sale of the Bonds to Stifel, Nicolaus & Company, Incorporated, an underwriter listed on its roster of approved underwriting firms as described in RCW 43.180.100, in accordance with the terms and conditions set forth in the Bond Purchase Agreement. The Commission hereby delegates to the Executive Director the authority to execute the Bond Purchase Agreement on behalf of the Commission in substantially the form filed with the Commission, subject to the following limitations: (a) the aggregate principal amount of the Bonds does not exceed \$20,000,000; (b) the initial interest rate on the Bonds does not exceed 7.00%; (c) the Bond Purchase Agreement is executed prior to October 31, 2024; and (d) the final terms of the Bond Purchase Agreement are otherwise in furtherance of the Act and the Plan.

Section 8. Executive Director. The Deputy Director or an alternate designee is hereby authorized to act on behalf of the Executive Director for all purposes of this resolution if it is necessary or desirable to accomplish the purposes hereof.

[Remainder of this page intentionally blank.]

Section 9. Effective Date. This resolution shall become effective immediately after its adoption and signature by the Chair and attestation by the Secretary of the Commission or the Secretary's designee and when effective shall act to ratify and confirm all acts taken previously in furtherance of and consistent with this resolution.

Project Name: Camas Flats

Reviewed by: Dan Rothman

Date: 9/15/2023

Recommendation: Approve as Requested

Rationale:

Camas Flats, a Commission Bond/Tax credit project sponsored by Shelter Resources, Inc. (SRI), exceeds the 2024 Metro TDC limit by 1%, or ~\$400k.

The major cost driver for Camas Flats is stormwater and sewer requirements in the City of Oak Harbor. Given the amount of parking required, the system has to be moved below the parking lot and tied into via a private road owned by the adjoining HOA. The project recieved CHIP funds to cover this additional expense. The additional expense is roughly \$835k.

We recommend that SRI’s request is approved as requested.

WHEREAS, the Washington State Housing Finance Commission, a public body corporate and politic constituting an instrumentality of the State of Washington (the “Commission”), has been duly constituted pursuant to the authority and procedures of Laws of 1983, Chapter 161 of the State of Washington now codified at RCW 43.180 et seq., as amended (the “Act”); and

WHEREAS, the Commission has found that many persons and families in the state of Washington are unable to purchase safe and sanitary housing in the areas in which they reside at an affordable cost to them; and

WHEREAS, the Commission has developed a program (the “Bond Program”) to assist eligible persons and families to acquire single-family residences pursuant to which the Commission will purchase, with funds made available from the issuance of its nonrecourse

revenue bonds, certificates (including Uniform Mortgage-Backed Securities) issued by Ginnie Mae, Freddie Mac or Fannie Mae (together, the “Certificates”) representing participations in below market mortgage loans which are originated by participating lending institutions and are acquired and pooled by a master servicer; and

WHEREAS, under the Bond Program, participating lending institutions reserve bond proceeds to finance individual mortgage loans on a first-come, first-served basis and it is important that funds be made available on a continuous basis at below then-prevailing market rates; and

WHEREAS, the Commission has determined that in order to help provide additional affordable housing throughout the state and to stimulate the construction industry through its program it is desirable periodically to issue, remarket or refund its bonds and establish mortgage interest rates, in multiple series which may be taxable and tax-exempt and at fixed and variable rates of interest (together, the “Bonds”); and

WHEREAS, the Internal Revenue Code of 1986, as amended (the “Code”), grants an exemption from federal income tax for interest paid on the Bonds if the requirements of the Code are met, including those with respect to the purchase price of homes, the eligibility of homebuyers, and the use of bond proceeds; and

WHEREAS, the Commission has the ongoing opportunity to currently refund a portion of its Bonds which will be redeemed from payments and prepayments of mortgage loans financed with the proceeds of such Bonds and unused Bond proceeds, which refundings will enable the Commission to preserve a portion of its state volume cap authority; and

WHEREAS, the Commission is authorized to delegate its powers pursuant to RCW 43.180.080(17), if such delegation is consistent with the purposes of the Act; and

WHEREAS, the Commission has previously delegated to the Executive Director the authority to approve the issuance and remarketing of single-family revenue bonds within specified limitations and the Commission has determined that such delegation is an effective means to implement the Bond Program; and

WHEREAS, it may be desirable for a portion of the Bonds to bear interest at variable rates, and the Commission may choose to reduce the Bond Program's exposure to such interest rate risk by entering into one or more interest rate swaps pursuant to Chapter 39.96 RCW (the "Interest Rate Swap Act"), and the Commission's previously approved Interest Rate Swap Policy, governing the Commission's use and management of all such payment agreements with respect to variable rate bonds; and

WHEREAS, given the volatility of the interest rates on tax-exempt and taxable bonds, fixed rate and variable rate bonds and the investments of bond proceeds as well as changes in the Code and federal housing and economic stimulus programs, it is important to maintain flexibility in the timing and structure of its bond issues and the entry into payment agreements through an annual approval of bond issues and payment agreements; and

WHEREAS, prior to the issuance of the Bonds the Commission will receive the approval of the Bonds by the Governor of the State of Washington, if required, pursuant to Section 147(f) of the Code, following public notice and hearing pursuant to the Code; and

WHEREAS, market conditions with respect to the issuance of Bonds and the origination of conventional loans may make the issuance of tax-exempt Bonds an impractical source of funding to finance the purchase of single-family residences, and the Commission has developed and operates a program that does not rely on the issuance of Bonds for such financing and consequently broadens the eligibility of such loans (the "Home Advantage Program"); and

WHEREAS, the Commission may provide funds, including proceeds of taxable Bonds, to purchase and own first mortgage loans from the master servicer(s) or which are outsourced to subservicers or serviced by the Commission, until they are pooled into Certificates and sold; and

WHEREAS, the Commission may operate down payment assistance programs, funded from a variety of sources of available funds, which may be combined with loans made in its Bond Program, Home Advantage Program, or other Commission single-family programs; and

WHEREAS, the Commission has determined that it is in the best interests to apply for approval from Federal Home Loan Mortgage Corporation (“Freddie Mac”) and the Federal National Mortgage Association (“Fannie Mae”) to be a seller-servicer, and upon receipt of such approval the Commission may commence servicing a portion of its own loans; and

NOW, THEREFORE, BE IT RESOLVED by the Washington State Housing Finance Commission as follows:

Section 1. Findings. The Commission ratifies its prior findings that there are a substantial number of persons and families in the state of Washington who are unable to obtain loans to purchase residences and who require substantial down payments or, if such loans are obtainable, monthly mortgage payments are required which are substantially in excess of the available income of such persons or families. As a result, many persons and families are unable to purchase safe and sanitary housing at reasonable cost without financial assistance. The provision of lower interest rate loans and down payment assistance will provide sufficient financial assistance to enable many of such persons and families to purchase residences at affordable cost and will act as a significant stimulant to the economy of the state.

Section 2. Single-Family Programs. The Commission reaffirms its ongoing programs to provide financing for the purchase of single-family residences through the issuance of Bonds in

the Bond Program, the Home Advantage Program (described in Section 9 hereof) and the provision of down payment assistance to homebuyers. The Commission finds and determines that its single-family programs currently operate at a significant monthly level of mortgage origination and are in furtherance of the Act and the Plan.

Section 3. Authorization of Bonds. The Commission authorizes the issuance and sale of not to exceed \$300,000,000 in aggregate amount of its nonrecourse, single-family mortgage revenue bonds to be designated “Single-Family Program Bonds,” “Homeownership Bonds” or “Single-Family Special Program Bonds” in multiple series, which may include taxable and tax-exempt bonds and may also include bonds with or without corresponding mortgage interest rates established in order to support the current level of mortgage origination. The Bonds shall be issued pursuant to and in accordance with the provisions of the Act and the Code, if applicable, shall be in furtherance of the Bond Program, and shall be subject to approval of the Governor of the State of Washington, if required, and the provisions hereof. The Bonds may include bonds issued to refund outstanding bonds of the Commission (including bonds which may otherwise have been redeemed with prepayments of mortgage loans), as well as bonds using volume cap authority. The issuance of the Bonds and the remarketing or refunding thereof will be in accordance with and in furtherance of the Plan.

Section 4. Approval of Bond Program Documents. (a) The Commission finds and determines that: (i) the Amended and Restated General Trust Indenture dated as of November 1, 2010, as amended by a First Supplement to Amended and Restated General Trust Indenture dated as of March 1, 2019 and a Second Supplement to Amended and Restated General Trust Indenture dated as of March 1, 2023, as it may be further supplemented and amended from time to time, between the Commission and Wilmington Trust, National Association, as successor trustee to

Wells Fargo Bank, National Association, and any successors thereto (the “Trustee”) providing for the issuance of parity debt (collectively, the “General Indenture”), the form of the Mortgage Origination Agreement among the Commission, Idaho Housing and Finance Association (“IHFA”) and individual mortgage lenders dated as of December 1, 2017, as it may be supplemented and amended from time to time, and the Program Administration and Servicing Agreement dated as of January 20, 2023, as amended, as it may be further supplemented and amended from time to time, among the Commission, the Trustee and IHFA, provide for the issuance of the Bonds in such a manner to provide a continuous supply of funds to finance mortgage loans; (ii) the Bonds will conform, as required, to the requirements of the Act and the Code; and (iii) the General Indenture provides for the maximum available security for the Bonds consistent with the Act and the Code.

(b) The Commission finds and determines that: (i) the Homeownership General Trust Indenture dated as of December 1, 2009, as supplemented and amended from time to time, between the Commission and the Trustee (the “Homeownership Indenture”) provides for the issuance of debt in such a manner to provide a continuous supply of funds to finance mortgage loans; (ii) the Bonds will conform, as required, to the requirements of the Act and the Code; and (iii) the Homeownership Indenture provides for the maximum available security for the Bonds consistent with the Act and the Code

(c) The Commission finds and determines that: (i) the Single-Family Special Program Master Trust Indenture dated as of October 1, 2012, as supplemented and amended from time to time, between the Commission and the Trustee (the “Master Indenture”) provides for the issuance of non-parity Bonds in such a manner to provide a continuous supply of funds to finance mortgage loans; (ii) the Bonds will conform, as required, to the requirements of the Act and the Code; and

(iii) the Master Indenture provides for the maximum available security for the Bonds consistent with the Act and the Code.

(d) The Commission hereby approves the use of such documents referenced above and delegates to the Executive Director the authority to approve additional servicing and subservicing agreements with individual servicers, subservicers and lenders and supplements and amendments to the documents referenced above in a manner consistent with and in furtherance of the Plan and the Bond Program. The Commission hereby authorizes the Chair, Vice Chair, Treasurer, Secretary (or his designee) and the Executive Director to execute such documents (as they may be modified on the recommendation of the Commission's finance team and bond counsel) and any other necessary documents or certificates on its behalf, including but not limited to any preliminary or final official statements with respect to the Bonds, and to do all things necessary on its behalf to proceed with the Bond Program and the issuance, sale and delivery of the Bonds as authorized herein.

Section 5. Sale of the Bonds. Subject to the conditions set forth in this section, the Commission hereby delegates to the Executive Director the authority to approve the sale and/or the remarketing of Bonds in one or more series and with fixed or variable interest rates to and with Morgan Stanley, Wells Fargo Securities, and RBC Capital Markets, LLC (or such other institution(s) as the Commission may appoint following a selection process as required by WAC 262-01-070) and/or Fannie Mae, Freddie Mac, the Washington State Investment Board and the Federal Home Loan Bank, as applicable, and to execute purchase contracts and remarketing agreements with respect to the Bonds on its behalf. This delegation is limited as follows: (1) the aggregate principal amount of Bonds sold and/or remarketed (a) with corresponding established mortgage interest rates on mortgage loans and (b) without establishing mortgage interest rates

pending changes in rates or demand among other factors, may not exceed \$300,000,000; (2) upon the establishment of mortgage interest rates, the rates on mortgage loans provided with the proceeds of the tax-exempt and taxable Bonds must be no more than .50% above the rate for government-insured and/or privately insured conventional loans at comparable buyer/seller points, and with respect to taxable Bonds issued in support of the Home Advantage Program, no more than 3.00% above the rate for government-insured and/or privately insured conventional loans, and the borrower/seller points may not be greater than 2.25 points, unless, in either case, the Executive Director reasonably determines that the mortgage loans are likely to be originated within a reasonable period of time taking into consideration the terms and conditions of the mortgage loans and market conditions; (3) the final purchase and remarketing contracts with respect to the Bonds must be in furtherance of the Bond Program and the Plan; (4) the principal amount of Bonds with respect to which a mortgage interest rate is established shall be sized to meet the expected demand for funds; (5) the issuance of the Bonds of any series under the General Indenture, Homeownership Indenture or Master Indenture will not cause a reduction in the then-existing rating on any Bonds outstanding under the General Indenture, Homeownership Indenture or Master Indenture, respectively; (6) with respect to taxable Bonds issued in support of the Home Advantage Program, the delegation shall include the authority to issue taxable Bonds to fund Home Advantage Down Payment Assistance loans and/or Covenant Homeownership Down Payment Assistance loans; and (7) this delegation shall expire on July 31, 2025.

Section 6. Authorization to Expend Commission Funds. The Executive Director is authorized to expend Commission funds held under the General Indenture, Homeownership Indenture or Master Indenture, as necessary to issue the Bonds; provided, the amount of Commission funds needed to pay costs of issuance and to provide for expected case negative

arbitrage and to lower the mortgage interest rate, upon the establishment of long-term interest rates shall not exceed \$35,000 per million dollars of principal amount of the Bonds. The authorization to expend Commission funds shall include the authority to provide down-payment assistance in connection with, and as part of the Commission's single-family programs. The Executive Director shall report to the Commission regarding any execution of a purchase or remarketing contract at the next meeting of the Commission.

Section 7. Findings and Authorization Regarding Payment Agreements. The interest rates to be paid on the Bonds in the variable rate mode will vary over their term. The Commission's swap financial advisor has provided information regarding the variability of interest rates on obligations such as the Bonds, based on historical fluctuations in relevant market indices. The Commission's swap financial advisor has also provided information regarding the expected effect of payment agreements on the Commission's exposure to variable interest rates. The Commission hereby finds that payment agreements, if fully performed by all parties thereto, will reduce the amount of the Commission's exposure to changes in interest rates.

The Commission hereby delegates to the Executive Director the selection of a counterparty (the "Counterparty") for any payment agreements, after due consideration by the Executive Director of proposals from qualified entities that meet the criteria set forth in the Interest Rate Swap Act and the Commission's Interest Rate Swap Policy. The Commission hereby finds, consistent with RCW 39.96.030(3), that such selection process is a reasonable method for the solicitation and consideration of counterparties.

The Commission hereby authorizes and approves the use of payment agreements in the form of interest rate swap agreements with respect to Bonds in a variable rate mode. The

Commission hereby delegates to the Executive Director the authority to approve the specific terms of such payment agreements, subject to the following limitations:

- (1) the aggregate notional amount of the payment agreements shall not exceed \$75,000,0000;
- (2) the term of the payment agreements shall not exceed the term of the related Bonds;
- (3) the Commission's obligation to pay regularly scheduled amounts due under the payment agreements absent an event of default shall be on a parity of lien with the Commission's obligation to pay principal of and interest on the Bonds issued under the General Indenture, Homeownership Indenture or Master Indenture, as applicable;
- (4) the Commission's obligation to pay any other amount due under the payment agreements (including without limitation any termination payments) shall be subordinate to the Commission's obligation to pay principal of and interest on the Bonds issued under the General Indenture, Homeownership Indenture or Master Indenture, as applicable;
- (5) any payment agreement shall be executed prior to July 31, 2025.
- (6) the Commission's swap financial advisor shall provide, on or prior to the date of execution of a payment agreement, the certification required by RCW 39.96.030(2)(b);
and
- (7) the final terms of the payment agreements are otherwise in furtherance of the Interest Rate Swap Act and the Commission's Interest Rate Swap Policy.

The Executive Director is authorized to execute payment agreements pursuant to the Interest Rate Swap Act and consistent with and in furtherance of the Commission's Interest Rate Swap Policy and this resolution. The Executive Director is further authorized to execute the

documents contemplated therein, and any other necessary documents or certificates on its behalf, and to do all things necessary on its behalf to proceed with the execution of the payment agreements as authorized herein. Only one signature is required to bind the Commission.

The Executive Director is furthermore authorized to execute a replacement payment agreement with a qualified counterparty selected in the same manner as for initial payment agreements if the Commission determines to terminate a payment agreement because an existing counterparty's rating is downgraded or if it would be otherwise desirable to the Commission and in furtherance of the Commission's Interest Rate Swap Policy.

Section 8. Authorization to Sell Certificates. The Executive Director is authorized to sell Certificates for the account of the Commission upon his determination that such sales are in the best interest of the Commission.

Section 9. Home Advantage Program. The Commission previously approved and hereby reaffirms its Home Advantage Program to provide financing for the purchase of eligible single-family residences without the issuance of tax-exempt Bonds through the use of frequent, periodic pricing and sale of Certificates. The Commission finds and determines that under certain bond market and conventional loan market conditions the Home Advantage Program provides a useful addition to the Bond Program in furtherance of its public purpose to provide affordable housing to low and moderate income individuals and families.

In addition, the Commission finds and determines that using taxable Bond proceeds for the purchase of Mortgage Loans in its Home Advantage Program will permit it to continue the Home Advantage Program when the sale of Certificates will not support a marketable Program. It further finds that, depending on market conditions, taxable Bond proceeds also may be effectively used as a source of funds for Home Advantage Down Payment Assistance loans.

The Commission hereby ratifies the Program Administration and Servicing Agreement, dated as of December 1, 2022, as amended, as it may be further supplemented and amended from time to time, between the Commission and Lakeview Loan Servicing LLC, a Delaware limited liability company (“Lakeview”) and the Program Administration and Servicing Agreement, dated as January 20, 2023, as amended, as it may be further supplemented and amended from time to time, between the Commission and Idaho Housing and Finance Association, for the administration of the Home Advantage Program and the agreement with Hilltop Securities Inc. for the purchase and sale of Certificates to fund the Home Advantage Program, as such agreements may be supplemented and amended from time to time. The Executive Director is delegated the authority to enter into additional program administration and servicing agreements and replacements, supplements and amendments to the documents referenced above in a manner consistent with and in furtherance of the Plan as are necessary to ensure the continued efficiency of its single-family program.

The Executive Director is further delegated the authority to manage the acquisition and sale of Certificates and do all things reasonable or necessary pursuant to the Home Advantage Program to provide efficient financing for the purchase of eligible single-family residences, including the issuance of taxable Bonds, and is directed to report periodically to the Commission with regard to the status of the Bond Program and the Home Advantage Program.

The Commission finds and determines that by using its available funds and/or taxable Bond proceeds for the purchase of Mortgage Loans, including Home Advantage Down Payment Assistance loans and/or Covenant Homeownership Program Down Payment Assistance loans, it can reduce its need to purchase liquidity and increase the efficiency of the Home Advantage Program. The Executive Director is therefore delegated the authority to take all actions necessary

to use taxable Bond proceeds, undeployed General Operating funds, Program-Related Investment funds, amounts in the Commission Fund and other undeployed funds, to provide liquidity for the purchase of Mortgage Loans. The Commission hereby (a) reauthorizes the allocation of Program-Related Investment funds representing Home Advantage Down Payment Assistance and Covenant Homeownership Down Payment Assistance loan repayments in excess of \$80 million to revolving Commission Down Payment Assistance Programs, and (b) authorizes the use of taxable Bond proceeds to make Home Advantage Down Payment Assistance loans.

Section 10. Direct Master Servicing. Upon receipt of approval from Fannie Mae and/or Freddie Mac to serve as a direct master servicer, the Commission hereby authorizes the Executive Director to establish an internal servicing program and to take all actions necessary to implement such program, including the determination of which single-family loans to direct-service, as necessary and in the interests of the Commission, to ensure the continued efficiency and effectiveness of its single-family program.

Section 11. Executive Director. The Deputy Executive Director or any other designee of the Executive Director is hereby authorized to act on behalf of the Executive Director for all purposes of this Resolution if it is necessary or desirable to accomplish the purposes hereof.

Section 12. Ratification. The Commission hereby ratifies and confirms all actions taken prior to the adoption of this resolution by the Executive Director in furtherance of the Single-Family Program, the Bond Program, the Home Advantage Program and the Plan.

Section 13. Effective Date. This resolution shall become effective immediately after its adoption and signature by the Chair of the Commission and attestation by the Secretary of the Commission, or his designee.

ADOPTED at a special meeting duly noticed and called this 27th day of June, 2024.

Mission, Vision and Values 2024

PREAMBLE

The Washington State Housing Finance Commission is a self-sustaining public agency committed to increasing housing access and affordability for the people of Washington while aligning our work with anti-racist values. We commit to engaging the voices and ideas of those who have been historically silenced and marginalized. Consistent with these commitments, the Commission’s Mission, Vision, and Values reflect who we are and how we approach our work.

MISSION

We work to provide equitable access to capital through strong partnerships and innovative financing to create and sustain affordable rental housing, homeownership, and community spaces across Washington State.

VISION

We envision a just future in which all Washingtonians have affordable, sustainable housing in thriving communities, and in which those representing and served by the Commission experience fair, inclusive practices in all aspects of our work.

VALUES

The Commission is guided by shared values to help us realize our Mission and Vision. We prioritize the following as we fulfill our responsibilities to the people of Washington:

Sound Fiscal Stewardship - We commit to responsible investments in housing and community assets that prioritize racial equity and consider long-term sustainability.

Accountability and Transparency – We are held accountable to our values by our staff, partners, and the communities we serve. As a public agency, we commit to transparency in how we use resources, share power, engage communities, and make decisions.

Acknowledging and Addressing Power and Privilege - We recognize we have contributed to institutional racism, and we challenge White supremacy by applying anti racist practices to all aspects of our work.

Respect and Humility - We acknowledge our blind spots and biases and commit to learning alongside our partners, each other, and the communities we serve.

Equitable and Meaningful Engagement - We commit to creating opportunities to engage people in decision making processes that impact them, prioritizing historically excluded communities.

Policy goals as we develop the program

- **Help, not harm, those this program is meant to serve**
- **Comply with CHA and SPCP requirements**
 - Be as flexible as possible
 - Ensure that eligible households can afford to purchase a home of decent quality.
 - Serve as many eligible households as feasible.
 - Provide homebuyers with a reasonable choice of homes.
 - Allow homebuyers to buy in high-cost counties as well as other parts of the state.

How the program works:

Works with the Commission's home loan programs, like our other downpayment assistance programs

- Homebuyers work with one of the Commission's trained lenders – more than 120 companies and hundreds of trained loan officers statewide
- Lender qualifies homebuyer for the mortgage of their choice.
- Lender reserves the funds on behalf of the homebuyer, processes, approves, and funds the loans which are purchased by the Commission's loan servicer.
- Requires homebuyer education prior to reservation of funds (housing counseling highly recommended)
- Requires property inspection

How the program works:

- This program must work in conjunction with the Covenant Homeownership First mortgage program.

-OR-

Homebuyers can use a Home Advantage or House Key first mortgage.

- Homebuyers may also use the Commission's other downpayment programs when using a Home Advantage or House Key first mortgage. Further restrictions apply.

RE: Nonprofit Policy Revision

BRIEF OVERVIEW OF CHANGES

- The separate policy guides for nonprofit housing and nonprofit facilities were merged into one document.
- *The Guide to Bond Financing Requirements* is a new a stand-alone document, taken out of the two nonprofit bond program guides, and applies to all bonds we issue in MHCF, not just 501(c)(3) nonprofit bonds.
- We have changed the rating requirement for bonds from A to “investment grade”, which is Baa3/BBB-
- The new document is updated to reflect current state and federal law, and Commission procedures.

HISTORY

In 1990, the Washington State legislature gave WSHFC the authority to issue bonds for nonprofit housing. Two years later, it expanded the Commission’s authority to also allow it to issue bonds for nonprofit facilities as well. The Commission has issued over \$5.3 billion in tax-exempt and taxable bonds under these two programs since that time - \$3.6 billion for housing, and \$1.7 billion for facilities.

The Commission is a conduit issuer for these nonprofit organizations, who may access this type of financing because of their charitable status. Nonprofits typically use tax exempt bonds to access a lower interest rate. Nonprofit housing projects may also may qualify for property tax abatement if they are housing a low-income population.

CHARACTERISTICS OF 501(C)(3) NONPROFIT BONDS

1. We are not loaning the good faith or credit of the State for these bonds.
2. Nonprofit bonds do not come with any additional subsidies. The multifamily housing bonds we issue come with a 4% Low Income Housing Tax Credit – this sort of subsidy is not a part of these bond issues.

3. 501(c)(3) bonds are a virtually unlimited resource.

The bonds we issue in the multifamily housing program are limited by the state bond cap. Not only do our housing developers in this program compete with each other for this resource, we also must coordinate with other state issuers of bonds, such as the Washington Economic Development Authority, for the bond cap. In contrast, **501(c)(3) bonds are a virtually unlimited resource.**

4. WSHFC may issue nonprofit bonds not just for real estate, but for any capital expenditure. We have financed museum exhibits, veterinary equipment, fleets of vehicles, and more, in addition to real estate projects such as office buildings, senior living facilities, and multifamily housing.
5. WSHFC can issue bonds for any bonafide 501(c)(3) nonprofit organization, with the following exceptions:
 - a. Health care – the Washington State Health Care Authority is the issuer for hospitals and other health care organizations. We coordinate with WSHCA when projects have a mix of social services and/or housing with health care to determine the proper issuer.
 - b. Most higher education – Washington Higher Education Facilities Authority is the exclusive issuer of bonds for most Washington-based higher education facilities. WSHFC has issued for higher education-related nonprofits that do not qualify for WHEFA, including nonprofit vocational colleges, nonprofit college systems based out of state that have campuses in the state, and community college foundations.
 - c. Religious facilities such as houses of worship, seminaries, etc.

BOND RATINGS

The Commission issues both rated and unrated bonds.

How rated bonds work under our policy:

- Borrowers may have a rating company such as Standard and Poor or Moody's evaluate their organization's/company's financial strength. The bonds we issue on that borrower's behalf then have a rating reflecting the borrower's own financial strength and the structure of the bond issue.
- Borrowers may have a rated financial institution that provides a letter of credit or bond insurance for the bond issue. The rating reflects then the strength of the guarantor plus the structure of the bond issue. Larger bond issues before 2008 typically used this structure, but after the financial crash of that period, guarantees through financial institutions became prohibitively expensive.

- The federal government can provide an investment grade rating through Fannie Mae or other similar agencies.

How unrated bonds work under our policy:

- Generally, a sophisticated investor such as a financial institution evaluates the risk and purchases the bond for its income portfolio. Most of the multifamily bonds we issue use the structure, and many of the nonprofit bonds do too. Commissioners may be familiar with a bank purchase letter accompanying a financing resolution – this signifies that the bond issue uses this structure.
- When there is no single, sophisticated investor purchasing unrated bonds, the unrated bond policy details our requirements. We want to protect potential investors who may not understand the risks of buying our unrated bond issues. We also consider it paramount to protect our good name and reputation – and the name and reputation of Washington State in general – in the bond market and beyond.

POLICY UPDATES AND MODIFICATIONS

The new guide for nonprofit bonds includes updated information reflecting current state and federal law.

We took out the section of the two different nonprofit guides that related to financing requirements, and made them their own guide, which applies across all the bonds we finance. This section changes the lowest rating for a public sale from A to “investment grade”, which includes Baa3/BBB-. Also, the previous financing requirements treated bonds issued with a Baa3/BBB- rating as the same as unrated bonds. In the revised policy, if the bond is investment grade or higher, it is defined as “rated”, and does not have the same protections as unrated bonds.

REASONS FOR THE CHANGES

To ensure that we have consistent policies for nonprofit housing and facilities, rather than have two separate guides for these programs, we have a single guide, with a special section for concerns that only relate to residential facilities and housing.

Our financial advisor has advocated for changing our bond policy about ratings, because it updates and aligns the Commission with current best practices, and makes the Commission consistent with other bond issuers, both in the state, and across the sector.

The change to recognize all investment grade ratings also produces significant savings to a segment of our borrowers. We have large and sophisticated nonprofits accessing our bond financing program who can achieve an investment grade rating. This change allows them to have a tax-exempt bond issue with fewer expenses and access a wider range of potential bond buyers. At the same time, based on the advice we have received, allowing all investment grade ratings does not create a significant risk to bond buyers.

Thank you for your consideration of these changes.

1. Introduction

1.1 Purpose of This Guide

WSHFC Policy Guide for Nonprofit Bonds provides information and guidance to nonprofit organizations, and those who are working with them, including lenders, bond underwriters, financial advisors, and consultants. It also provides information and guidance to commissioners and staff.

1.2 The Role of the Commission

In March 1990, the State legislature authorized the Washington State Housing Finance Commission to issue bonds on behalf of nonprofit 501(c)(3) organizations. The Commission can issue bonds for any capital facility, including housing, that will be used in furtherance of a borrower's 501(c)(3) purpose. The Commission is a conduit issuer – it issues the bonds on behalf of the nonprofit and does not lend its credit or the credit of the state.

The Commission relies on the Internal Revenue Service to make decisions regarding the charitable purpose of each 501(c)(3) organization. It does, however, have an interest in understanding what benefit each organization contributes to its community or client group. For this reason, an applicant for 501(c)(3) financing will be required to describe its official purpose in the Commission's application for financing and will be expected to make a brief presentation to the Commission regarding its program, the client group served, and the organization's special efforts, if any, to serve specific populations. This information will be entered in the public record to provide information to interested parties who may inquire about the public purpose of a project or organization using the Commission's financing. The Commission will not use this information to determine the eligibility of a project for financing. Since there is no practical limit on the amount or number of bonds that the Commission can issue for nonprofit organizations, it is not a limited, competitive resource. Every eligible project that meets State and Federal law, and the Commission's policies as set forth in this guide, may be financed.

The Commission may impose additional requirements specific to financing programs or projects.

2 Eligibility

Section 501(c)(3) of the Internal Revenue Code ("the Code") plays the most important role in determining eligibility for this Program.

2.1 Eligible Owners

To be eligible for the Nonprofit Bond Programs an owner must be a nonprofit organization, described under Section 501(c)(3) of the Code at the time of closing. It must own and operate 100% of the facility financed by tax-exempt bonds for as long as the bonds are outstanding.

The eligibility for financing of an owner/borrower depends on factors such as the project, its use, interpretation of the Code, the nonprofit's articles and bylaws, and State law. The Commission's bond counsel will conduct a due diligence review including examining organizational records. The Commission's bond counsel determines the eligibility of a borrower and project for bond proceeds.

2.2 Eligible Projects

Real estate projects must be in Washington State to be eligible. Personal property projects, such as capital equipment, should primarily benefit Washington State residents to be eligible.

Bond proceeds must be spent on projects that are being used for activities related specifically to the exempt purpose of the nonprofit organization. In addition, a project may include uses by:

- other 501(c)(3) nonprofits that have an aligned mission. For example, an organization that provides housing for ex-offenders may be able to lease space to organizations that counsel, offer education, or provide job training primarily to ex-offenders.
- any state government agency or official, or
- any local government agency or official.

Bond financed projects cannot serve:

- any federal government agency,
- religiously sponsored organizations which intend to use the space for worship, or

- any other organization that is not aligned in purpose or is not a 501(c)(3).

Many projects may have portions of the project that are not related to the nonprofit's charitable purpose or will be used by ineligible users. Other funds may be spent on these portions of the project. Nonprofits should consult with Commission staff if they have questions about their specific project and its use or users; bond counsel ultimately decides.

All nonprofit projects financed through the Commission must respect civil rights as described in RCW 49.60.030 (1) to be eligible: "The right to be free from discrimination because of race, creed, color, national origin, sex, honorably discharged veteran or military status, sexual orientation, or the presence of any sensory, mental, or physical disability or the use of a trained dog guide or service animal by a person with a disability is recognized as and declared to be a civil right." In addition, all applicants must comply with the Washington Law Against Discrimination, RCW 49.60.180.

Nonresidential projects that can be financed by the Washington State Higher Education Facilities Authority or by the Washington State Health Care Facilities Authority are not eligible. Commission staff coordinates with these other issuers of bonds when the lines of eligibility overlap or are not clear.

Generally, religious organizations are eligible borrowers, however, certain projects such as houses of worship are not eligible.

2.3 Eligible Uses of Bond Proceeds:

Tax-exempt bond proceeds may be used to finance most capital expenditures including:

- New construction
- Rehabilitation
- Acquisition
- Refinancing existing debt

Operating expenditures, including working capital, may be financed only to the limited extent permitted by federal tax law. Capitalized interest may be financed with bonds.

The weighted average maturity of the bonds may not exceed 120% of the average reasonably expected economic life of the project.

Only 2% of tax-exempt bond proceeds may be used to cover the costs of bond issuance including any associated bank or financing fees. Any fees above the 2% limit must be paid from other funds.

2.4 Refinancing restrictions

Bond proceeds may be used to refinance existing indebtedness used for otherwise eligible capital purposes. Bond proceeds can be used to refinance the existing debt of 501(c)(3) organizations if the debt to be refinanced is held by a third-party lender. Refinancing an organization's "internal" debt is generally not allowed.

2.5 The Role of Borrower's Counsel

Applicants should engage an attorney or law firm that is recognized and experienced in representing nonprofit 501(c)(3) organizations. Because the tax-exemption of nonprofit bonds is

based on the organizations exempt status, bond counsel will rely on an opinion from the applicant's counsel as to certain specific 501(c)(3) matters central to bond counsel's opinion. The Commission staff can provide a list of firms who regularly engage in this work or the applicant is welcome to engage other experienced counsel.

3 Application through Closing Process

3.1 Application

There is no deadline for applications. The Commission may set deadlines for applications for specific programs or purposes.

Nonprofits should apply when the owner has selected and begun negotiations with a lender and/or investment banker regarding the financing of their project. Application forms are available on the Commission's website, for [housing](#) projects, and for [facilities](#) projects. The Commission generally has meetings monthly, and its schedule of meetings may be found on its [website](#).

If a potential bond project has multiple sites, staff will review the project to determine if a separate application is needed for each location.

3.2 Official Intent Declaration (OID)

Upon submission of an application, the Commission will issue an Official Intent Declaration (OID) for the project. The OID has an associated number which the Commission uses to track the project. The OID may serve as the federally required inducement or reimbursement resolution for projects to be financed with tax-exempt bonds. If a project has more than one non-contiguous location, an OID will be signed for each site.

A nonprofit 501(c)(3) organization has the authority under the Code to pass its own inducement or reimbursement resolution for tax-exempt financing before it applies to the Commission. Since project planning may take several years, organizations may want to consider “refreshing” the resolution periodically. A form of resolution is on the Commission’s [website](#). An inducement resolution commits neither the borrower nor the Commission to the financing.

The inducement resolution starts the time when certain expenses may be reimbursed with future bond proceeds. Project-related expenditures which occur before an inducement resolution is approved may not be eligible to be reimbursed from bond proceeds.

Generally, the OID remains valid unless the character of the project substantially changes. Owners should alert Commission staff if their project changes.

A new or amended OID will be required when:

- the project size or bond amount increases by more than 10%;
- the project site changes; or
- the change in ownership or use substantially changes the nature of the project.

The Commission may not require a new OID if:

- the project size or bond amount decreases, or increases by less than 10%; or
- the project changes in ownership, but the change in ownership or use does not substantially change the nature of the project. The Commission requires a letter detailing the applicant change.

3.3 Public Hearing and Governor Resolution

A public hearing, required by the Federal tax code, is held for each project prior to financing. Applicants should present information about their organization, their purpose, the population served, and the intended goals of the project at the public hearing.

The Commission will consider public testimony regarding the bond issue. Issues unrelated to the financing, such as the environmental impact and zoning, will not be considered by the Commission.

The Commission sends a summary of the public hearing to the Governor for review. The Governor must approve the issuance of bonds.

3.4 Coordination with Local Government

While not required under the tax code, Commission staff alerts local governments of upcoming bond issues by sending to the local executive (such as the mayor, county executive, or city manager) a copy of the public hearing notice for all bond-financed projects.

3.5 Financing Resolution:

The Commission adopts a bond financing resolution to approve the financing documents and the issuance and sale of bonds. The Commission will only consider a financing resolution when all the transaction documents are in substantially final form. The financing resolution sets a maximum bond issue amount, and, in the case of publicly sold issues, a maximum interest rate at which the bonds can be sold.

The Commission retains the right not to approve a financing resolution.

4 Fees

The Commission is a self-supporting organization. The Commission depends on fees collected from its financings for the administration of its programs. Commission fees are not negotiable.

4.1 Application Fee

The fee for processing an application is based on the projected bond issue size. Application fees are generally nonrefundable and are intended to cover the costs of processing the application as well as other costs incurred until the cost of issuance deposit (described below) is received. If a developer applies and staff determines that it is not within the jurisdiction of the Commission to issue a bond for that facility, the application and fee may be returned. The Director of the Multifamily Housing and Community Facilities Division determines the refunding of application fees. Borrowers should contact staff before applying.

The application fees for nonprofit housing projects are:

- \$400 for bond issues up to \$1.5 million
- For bond issues above \$1.5 million, the fee is \$400 plus .03% of the amount above \$1.5 million to a maximum of \$5,000.

4.2 Issuance Fee

4.2.1 New Financings

The Commission fee for bond issuance will be according to the following Issuance Fee Schedule and is based on the par amount of the bond issue:

- For bond issues of \$15 million and below, an issuance fee of 25 basis points (.0025) of the outstanding bond amount
- For bond issues above \$15 million and up to \$20 million, a fee of \$37,500 + 21 basis points (.0021) of the bond amount over \$15 million
- For bond issues above \$20 million and up to 25 million, a fee of \$48,000 + 14 basis points (.0014) of the bond amount over \$20 million
- For bond issues above \$25 million and up to \$30 million, a fee of \$55,000 + 10 basis points (.001) of the bond amount over \$25 million
- For bond issues above \$30 million and up to \$55 million, a fee of \$60,000 + 6 basis points (.0006) of the bond amount over \$30 million
- For bond issues above \$55 million, a fee of \$75,000 + ½ basis point (.00005) of the bond amount over \$55 million

This fee is payable upon issuance of the bonds and may be paid from bond proceeds, within the 2% limit.

4.2.2 Refunding and Reissuance fees

For private placements that are reissued or refunded and retain the same bondholder, or generally retain the same parties, the following fee schedule will apply:

- For bond issues under \$1,000,000, fees will be charged hourly for staff time spent according to the Commission's hourly rate. This rate is currently at \$100 per hour and subject to change.
- For bond issues over \$1,000,000, the Commission fee for refunding or reissuance will be \$5,000, or 5 basis points, whichever is greater.

Commission staff negotiate bond counsel and financial advisor fees separately for the amendment of documents.

For bonds reissued or refunded through a public sale or for private placements placed with a new bondholder, the Issuance Fee Schedule will apply.

4.3 Fees for the Amendment of Documents

For transactions that involve the amendment of bond documents but do not result in a refunding or reissuance of bonds, there will be a transaction fee based on the then

current Commission hourly rate. This would include substitutions of credit enhancement that do not involve the reissuance of bonds.

Commission staff negotiate bond counsel and financial advisor fees separately for the amendment of documents.

The Commission reserves the right to charge a fee according to the termtermfor complex transactions.

4.4 Annual Commission Fee for Bonds

The annual fee for bonds in the nonprofit programs is 10 basis points (.0010) on the outstanding bond balance on each July 1. There will be a minimum of \$750 collected annually to a maximum of \$75,000 annually.

4.5 Costs of Issuance

The owner is responsible for paying all fees related to the costs of issuance. Up to 2% of tax-exempt bond proceeds can be used to pay for costs of issuance. Costs of issuance that exceed 2% must be paid from sources other than tax-exempt bond proceeds.

4.5.1 Standard Transactions

Before the Commission proceeds with the development of bond documents, the owner must pay a cost of issuance deposit of .5% (½ of 1%) of the proposed bond issue, up to a maximum deposit of \$50,000. The deposit will be used to pay the costs of issuance or may be returned to the owner at closing.

If the bond transaction is not completed, costs incurred by the Commission, bond counsel and the Commission's financial advisor (if any), and trustee/fiscal agent will be deducted from the cost of issuance deposit. Remaining funds will be returned to the applicant or additional payment will be due, as applicable.

4.5.2 STEP Transactions

Projects financed through the Commission's Streamlined Tax-Exempt Placement (STEP) Program are charged a total fee of 1% of the total bond amount. This charge may be paid from bond proceeds (within the 2% limit). Costs included in this fee are

bond counsel, Commission Issuance Fee, fiscal agent acceptance fee. Projects of less than \$5 million, which include a privately placed bond with one funding draw may qualify for the STEP program.

5 Residential projects using 501(c)(3) Bonds

5.1 Eligibility

Nonprofit housing providers must meet the requirements of Section 142 of the Code, which governs multifamily housing facilities financed with tax-exempt bonds.

Projects without complete and separate dwelling units are not considered to be “housing” under this policy. A complete and separate dwelling unit has a kitchen with appliances for cooking, and private bathrooms. Examples of these forms of residential facilities which would not defined as “housing” include assisted living units that do not have stoves and ovens in residents’ units, shelters for the homeless, university dormitories, skilled nursing facilities, and group homes. Because these projects are categorized as facilities and not housing, they will not be required to have low-income set aside units.

Some examples of eligible nonprofit housing projects follow: (The list is not exhaustive.)

- Multifamily rental housing
- Assisted living facilities licensed under RCW 18.20 with full and complete units. This includes developments owned by a nonprofit 501(c)(3) sponsor which provide on-call or on-site regular medical care or facilities, or that are required by State licensing to have medical staff.
- The independent and assisted living portions of continuing care retirement communities for older adults, as defined in RCW 18.390.10
- Housing facilities that provide auxiliary services to tenants, such as meal and housekeeping service, transportation, recreational facilities/programs, counseling, and non-medical attendant care.

Units intended for ultimate private ownership as condominiums or cooperatives even with restrictive covenants generally cannot be financed with tax-exempt bonds.

6 Unit Requirements for all Housing Program Participants

6.1 Fair Housing Act

All housing projects financed with Commission bonds must comply with all applicable Fair Housing rules and regulations. The Commission is obligated to report Fair Housing violations to the IRS as material noncompliance.

6.2 Physical Requirements

All services, amenities and facilities must be accessible to all the residents in the building. If there are any low-income set-aside units, they must be of comparable size to the non-set-aside units and must be distributed throughout the project. This provision's intent is to prevent low-income residents from being restricted in their choice of comparable units affordable to them.

6.3 Nondiscrimination Policy

All units must be available to the general public, except to the extent the whole development is reserved for a special population as consistent with the Fair Housing Act. All housing organizations financed through the Commission must respect civil rights as described in Section 2.2 of this Policy.

6.4 Low-Income Set-Aside Requirements

A project may be required to comply with low income set asides required by Section 142 of the Code in certain cases. If the facility is all new construction, has substantial rehabilitation, or a new addition, low-income units will not be required. If the housing project is an acquisition without rehabilitation or a refinancing, it will be required to follow the same rules as if it were a multifamily housing project under 142(d) of the Code. Please see the Commission [policies on multifamily housing](#) for more information.

6.4.1 Number of Units and Duration

If required to have set-asides, a residential property will be required to set aside either 20 percent of the residential units for individuals whose income is 50 percent or less of area median gross income or 40 percent of the residential units for individuals whose

income is 60 percent or less of area median gross income. The set-asides must remain in place for the longer of 15 years or when the bonds are no longer outstanding.

Bond counsel determines whether a project is required to have set-asides

6.4.2 Income Limits

The Commission's Asset Management and Compliance Division issues publishes income limits annually. These income limits are based on calculated by the federal Department of Housing and Urban Development (HUD). The project sponsor uses these to certify tenant incomes at initial move-in as well as at annual recertification.

6.4.3 Rent Limits

Although federal law does not restrict rents for this form of financing, the Commission may require rent restrictions. Under Commission policy, acquisition or acquisition/rehabilitation projects that serve serving the general low-income population may be subject to rent restrictions on the affordable units. The Commission also may restrict rents for housing financed under specific programs.

The Commission nonprofit housing bonds serving a general low income population provide access to a valuable property tax exemption under RCW 84.36.560(1)(c)(v), and to ensure a project will deliver appropriate public benefit, the Commission may require rent restrictions for projects.

If the Commission requires rent restrictions, the relevant rent limits are the limits applied in the Commission's other multifamily tax credit programs. The applicable limit is based on the date of bond issuance to the project. Other public or private funders of a project may impose their own rent restrictions as a condition of their funding. The owner or other funders may establish rent restrictions for a specific project as well.

The rent restriction requirements will not apply to housing projects serving older adults that have access to the property tax exemption for nonprofit homes for the aging (RCW 84.36.041) through Commission nonprofit housing bonds.

6.4.4 Compliance Monitoring

Commission staff monitors projects for compliance with Code requirements and Commission policies. Monitoring fees are typically paid at closing as part of the bond transaction; however, depending on the breadth and depth of compliance monitoring required at a project, the Commission reserves the right to additionally bill fees on an annual basis per low-income unit.

Commission Asset Management and Compliance staff may require payment of a compliance fee prior to bond closing to cover costs incurred to review the initial reports if significant pre-closing work is needed to establish compliance at the time of bond closing.

Nonprofit housing projects will have a Regulatory Agreement recorded against the land and must submit a "Certificate of Continuing Project Compliance" by January 7 of each year. The Commission's Asset Management and Compliance staff distributes this form to each active program participant approximately 30 days before the certificate is due. Other income reporting forms and procedures, as described in the Commission's Bond Compliance Procedures Manual, must be followed. Commission staff will work with borrowers and their management companies to explain the process and the reporting requirements.

The Commission will require annual re-certification of individual tenants.

Commission staff may periodically visit project sites to inspect units and verify records. The owner is expected to cooperate fully with the inspection. Staff will arrange the inspection with director or manager. In addition, the Internal Revenue Service may, from time to time, audit the project.

6.4.5 Optional Low-Income Set-Asides

Pursuant to RCW 84.36.041, certain nonprofit homes for the aging may access a property tax exemption if certain set asides are met. Borrowers should contact their counsel or a knowledgeable tax attorney regarding the project's eligibility for a tax exemption. Neither Commission staff nor its counsel provide advice on state or local property tax issues. Staff will work with the borrower on the preparation and monitoring of the regulatory agreement.

Owners must keep qualifying records to prove income levels of the residents occupying the set-aside units. Failure to keep appropriate records as described in the bond documents and to submit the annual certification in a timely manner may result in Commission staff giving notice to the Department of Revenue of the cancellation of the regulatory agreement.

6.5 Relocation Plan

If a project has tenants covered by the Landlord/Tenant Act, RCW 59.18.010 et. seq., living in the project when the application is made, and the construction or renovation requires moving the tenants, then the nonprofit must have a relocation plan. The nonprofit should submit a copy of a letter from the local government, either approving the plan, or stating that a relocation plan is not necessary as a part of the application process.

7 Indemnification

As a condition of submitting an application, the applicant agrees to at all times defend (with counsel reasonably acceptable to the Commission), indemnify and hold harmless and release the Commission, its successors and assigns, including their respective members, officers, employees, agents and attorneys, from and against any and all claims, suits, losses, damages, costs, expenses and liabilities of whatsoever nature or kind (including but not limited to attorneys' fees, litigation and court costs, amounts paid in settlement, amounts paid to discharge judgment(s), and any disallowance of tax benefits) directly or indirectly resulting from, arising out of, or related to:

- The financing, acquisition, construction and/or rehabilitation, sale, management or operation of the Project;
- Any noncompliance or failure to perform any covenant under the application, the Regulatory Agreement(s), if any, or any other program document;
- any breach of a representation, warranty or covenant in a nonprofit facilities program document;
- Any other act or omission (whether or not cured) constituting a default under a nonprofit facilities program document; or
- the enforcement by the Commission, its successors and assigns of the Commission's rights and remedies under any nonprofit facilities program document.

An indemnified party may monitor and participate in the defense of any claim or suit and may select any law firm to do so. This may include any level of participation the indemnified party wants. The applicant will promptly reimburse the indemnified party for all attorneys' fees, litigation and court costs, amounts paid in settlement, and other sums as described above that are incurred by the indemnified party.

Furthermore, as a condition of submitting an application, the applicant waives any right to bring legal action, on the applicant's own behalf or on behalf of any other party, against the Commission for any matter for which the applicant agrees to indemnify and hold harmless the Commission.

8 Out of State Issuers

Under RCW 39.46.170 the Commission must review in-state projects proposed to be issued by issuers formed or organized under the laws of another state (an "out-of-state issuer"). The Commission is required to determine whether the proposed financing submitted by an out-of-state issuer is "consistent with the laws and public policy of the state and is in the best interest of the state." The Commission will make its evaluation based on its established policies and goals for each program operated by the Commission. The Commission may approve or deny the proposed financing by the out-of-state issuer based on whether the proposal meets the policy objectives and goals of the state, as embodied in Commission policies.

9 Post Bond Issuance

After a bond issue is complete, borrowers need to be aware of some important Internal Revenue Service rules to maintain the tax-exempt status of bonds. These rules relate to the spending and investment of bond proceeds, arbitrage rebate, changes to financing terms, the use of facilities financed with bond proceeds and the maintenance of 501(c)(3) status as a nonprofit organization. Failure to comply with these rules may result in interest on bonds being declared taxable.

Re: Budget proposal for Fiscal Year 2025 (July 1, 2024 – June 30, 2025)

BACKGROUND

The proposed budget for the Washington State Housing Finance Commission's upcoming fiscal year 2025 (July 1, 2024, through June 30, 2025) follows. Although we have updated a few items, this proposed annual budget stays substantially the same as the draft we presented to you at the May Budget & Planning Session.

The handful of changes since the May draft include the following additional services or labor costs:

- One (1) additional FTE in the IT Services Division for a Help Desk Technician.
- One (1) additional FTE in the Asset Management & Compliance Division for an Asset Management Analyst.
- Consultant to assist with the build out of a SmartSheet project management tool for the Racial Equity Strategic Plan.
- An additional capital expenditure request for improved wiring in the updated office space and associated depreciation.

After incorporating these changes, projected net revenue decreased by approximately \$352,781, or 1.3%, from May's preliminary budget.

PROPOSED ACTION

Consider and act on the approval of the proposed fiscal year 2025 budget.

**Program Summary
Fiscal Year 2024-2025**

Program: Homeownership Programs

Division: Homeownership

Commission Goals:

To provide effective, low-cost financing for low to moderate income homebuyers.

Problem/Need:

Low and moderate-income households—especially underserved communities and communities of color—cannot afford a home at market rates and can be subject to predatory loans. Due to historical discrimination in the housing and housing finance markets, many members of underserved communities have not been able to benefit from the generational wealth created with homeownership; therefore, for this and other reasons, they are unable to access funding for downpayments and closing costs. These communities have also been historically denied access to credit due to historically biased lending practices and inflexible investor guidelines.

Program Goal:

To address historical inequities in homeownership for low and moderate-income homebuyers, the Homeownership Division seeks to provide safe and affordable financing options that include downpayment assistance at favorable rates and terms. The Homeownership Division also seeks to broaden the credit box through flexible underwriting guidelines for potential homebuyers as well as challenging traditional financing requirements that may be biased against underserved borrowers and communities of color.

Business Objectives (Outputs/Outcomes):

1. Consider the impacts resulting from historic and systemic racism on Commission programs and processes, including the homeownership programs, change programs, develop new tools to mitigate the impact of such racism and set baseline to measure impact in alignment with the agency racial equity strategic plan by June 30, 2025.
2. By June 30, 2025, continue to work on marketing and outreach to reach underserved communities and communities of color groups in our homeownership programs to include outreach to renters in our multifamily properties.

3. Purchase 4,000 Home Advantage loans and 300 House Key loans by June 30, 2025.
4. Conduct 10 lender Home Advantage training seminars; 10 real estate professional/lender presentations; 20 outreach activities with non-profits, lenders, real estate professionals and/or government entities, 5 partnerships, sponsorships, and/or attendance of BIPOC community-based partner events, and 4 HomeChoice down payment assistance training seminars by June 30, 2025.
5. Conduct an RFP to hire for Loan Servicer(s) or extend current contract(s) by 12/31/2024.
6. Conduct an RFP to hire for Single Family Investment Bankers by 12/31/2024.
7. Continue to work with Seller Servicer Consultant on a Work Plan and timeline for application if applicable for certification of the Commission as a Ginnie Mae, Fannie Mae or Freddie Mac seller/servicer by June 30, 2025.
8. Continue implementation of one or more special purpose credit programs, evaluate program, and implement changes if needed by June 30, 2025.
9. Work with the Department of Financial Institutions as part of oversight committee for the covenant homeownership program by June 30, 2025.

Performance Measures:

1. 4,300 low and moderate-income households purchase an affordable home using the House Key Program/Home Advantage by the Commission by June 30, 2025.
2. (We are unable to accurately determine this in the Emphasys system.)The Homeownership division receives an average score of 4 or better on the evaluation of division conducted training workshops.

Assumptions:

1. Assumes the daily-priced MBS market is financially feasible during the FY.
2. Assumes sufficient down payment assistance funds.
3. Assumes there is a conventional offering under Home Advantage.
4. Assumes GSEs maintains their current downpayment assistance guidelines.
5. Assumes having the products requested by lending partners to meet customer needs.
6. Assumes competitive Home Advantage/House Key programs interest rate sufficient to maintain a \$25 million average per week reservation rate.
7. Assumes competitive rates are available in the daily-priced market and bond market.
8. Assumes we have Loan Servicers who review loans in a timely manner and have liquidity to purchase loans daily.

9. Assumes the Commission has liquidity to purchase loans.
10. Assumes we have positive arbitrage to use in FY 2024-25.
11. Assumes there is an inventory of affordable homes.

**WASHINGTON STATE
HOUSING FINANCE COMMISSION**

**Program Summary
Fiscal Year 2024 – 2025**

Program: Nonprofit Financing Program

Division: MHCF

Commission Goal:

To provide effective, low-cost financing for nonprofit-owned housing and facilities.
To administer programs in an equitable and inclusive way.

Problem/Need:

Nonprofit organizations, particularly community-based organizations serving BIPOC people and other underserved communities have difficulty accessing low-cost credit options due to irregular revenue streams, systemic racism in the finance industry and other considerations. However, developing capital facilities will improve cash flow and assist them in carrying out their missions. The Commission provides options for organizations allowing them to take advantage of multiple choices to develop financing for supportive housing, multifamily facilities and housing intended for special populations.

Program Goal:

Eliminating real and perceived barriers to the tax-exempt bond market for eligible borrowers, to lower the cost of debt. To foster partnerships and assist in educating borrowers and the lending community about bond-financing and Commission resources to develop housing including assisted living, congregate care, and nursing beds. To form authentic relationships with community-based organizations beyond transactions.

Business Objectives (Output/Outcomes):

- 1. Program Objectives: Nonprofit Financing**
 - a. Evaluate the impacts resulting from historic and systemic racism on Commission programs and processes, including the nonprofit facilities and nonprofit housing programs and develop a baseline to track and measure impact in alignment with and on the timeline established by the agency racial equity strategic plan.
 - b. .
 - c. Incorporate into the engagement plan specific outreach to organizations in communities of color and other underserved communities. Report to Division leadership events, outreach and activities on a quarterly basis through June 30, 2025.
 - d. Create an engagement plan for interested party groups based on Interested Party Mapping completed in 2024, especially groups designated as Low

Power, High Interest, in alignment with public engagement goals detailed in racial equity strategic plan. Report on progress toward creating the plan quarterly through June 2025.

- e. As committed in the racial equity strategic plan, begin the process of conducting a Racial Equity Impact Assessment across multiple programs, including defining requirements for the scope, budget, timeline, consultant qualifications, and internal staff load. (Timing aligned with RESP). REIA substantially complete by June 30, 2025 with recommendations and implementation to follow.

Seek out alternative financing structures and provide technical assistance to traditional non-profit housing developers to utilize more fully 501 c3 bonds to develop affordable housing by June 30, 2025.

2. Nonprofit Financing Objectives:

- a. Issue \$80 million in bonds or finance 225 units/beds including facilities for senior housing by 6/30/2025.
- b. Coordinate and market green initiatives to nonprofit housing providers, with report on successes by 6/30/2025,
- c. Issue \$40 million in bonds for non-profit facilities by June 30, 20245.

Performance Outcome(s):

1. Eligible borrowers participate in our programs by developing housing and facilities with bond financing.
2. Portfolio of borrowers is expanded to include new organizations unaware of or unable to use the bond financing program in the past.
3. Nonprofits and banks consider the limitations imposed by 501(c)(3) bonds are not greater than the interest rate benefits.
4. Commission understands its broad range of interested party groups and integrates the needs and concerns of those groups into program design and implementation.
5. Commission marketing activities continue to generate client interest who use the Commission as issuer.
6. Incorporate client recommendations into the program design when appropriate.
7. Increased use of 501c3 financings for traditional non-profit housing developers.

Assumptions:

1. Tax-exempt bond financing provides more beneficial ways of developing nonprofit housing and facilities than other sources of financing for eligible borrowers.
2. Credit is available.
3. Changes to the tax code do not impede the issuance of bonds or do away with them altogether.

4. Commission policy requirements and market requirements are compatible.
5. Changes to health care reimbursement do not make the development of capital facilities providing childcare services, assisted living and/or nursing care infeasible.
6. The economy will support the services provided by eligible borrowers to the community and lenders will continue to underwrite nonprofits for the nonprofit-owned facilities.

Memorandum

Re: Recommendation regarding the transfer of excess General Operating reserves to Program Related Investments

BACKGROUND:

The Commission adopted its initial Reserves Policy in 1989. It emphasizes the need to maintain an adequate level of General Operating Fund reserves considering factors such as long-term compliance and financial monitoring obligations, the amount of debt outstanding and current operational activity and liquidity needs. Program-Related Investments were established as a mechanism to invest excess reserves in programs and projects related to the Commission's mission.

In recent years, Governmental Accounting Standards Board statements require us to book underfunded Pension and Other Post-employment Benefits (OPEB) liabilities in the General Operating Fund. While we never expect the liabilities to be billed to us directly, necessary funding will be collected over time in ongoing, monthly benefit charges billed to us by the state. However, being required to include them as liabilities, reduces our general reserves.

As we have done every year since June 2019, staff recommends that we retain \$30 million in General Operating Fund reserves **before** the effect of these deferred employment-related liabilities is considered. By doing this, the general reserves amount as shown on the financial statements is expected to be between \$35 million to \$37 million depending on the final calculation of those deferred liabilities for June 30, 2024 (\$30 million reserve less the expected \$3 million to \$5 million underfunded Pension and

OPEB liabilities). Funds in excess of that are recommended to be transferred to Program-Related Investments.

PROPOSED ACTION:

Consider and act on a motion to transfer General Operating Fund reserves in excess of \$30 million excluding the effect of Pension and Other Post-employment Benefits liabilities as of June 30, 2024 to Program-Related Investments.

MEMO

DATE: June 27, 2024
TO: Board Commissioners
FROM: Steve Walker
RE: Dissolution of the Tobacco Settlement Authority
CC: Lucas Loranger, Faith Pettis

BACKGROUND:

Pursuant to statute, Commission staff have administered the Tobacco Settlement Authority (TSA) since its establishment in 2002. On May 15, 2024, the TSA bonds were paid off.

The legislation establishing the TSA states that the TSA “shall dissolve no later than two years from the date of final payment of all of its outstanding bonds and the satisfaction of all outstanding obligations, except to the extent necessary to remain in existence to fulfill any outstanding covenants or provisions with bondholders or third parties.”

Staff have determined it is in the best interests of all parties that the TSA dissolution occur quickly so as not to continue accruing expenses related to ongoing budgeting, State audits and annual board meetings.

PROCESS:

With the assistance of the Attorney General’s Office and Pacifica Law Group, the State, and TSA have come to an agreement regarding dissolution of the TSA and are requesting the Commission’s assistance with the dissolution.

The Sale, Assumption and Dissolution Agreement will dissolve the TSA and return the annual Master Settlement Agreement (MSA) income stream dedicated to paying off the bonds (29.2%) to the state beginning in 2025.

The State will be responsible for any IRS audit liability for up to six years from the date of the Agreement. The TSA will transfer any remaining funds currently retained to the State, excluding any funds set aside for ongoing administration by the Commission as noted below.

The Commission will be responsible for administration of remaining TSA tasks and responsibilities for specified periods, depending on the task, including but not limited to the following:

- Paying outstanding invoices
- Administration of Final FY 23/24 Audit
- Administration of any public information requests
- Record retention
- Administration of any potential IRS audit
- Unwinding/Closing out WACs (Rules)
- Receiving and forwarding Lehman settlement amounts to the State

The Commission shall retain funds sufficient to cover the cost of this administrative work. Currently we hold approximately \$175,000 for that purpose. As noted above, should an IRS audit result in a liability, the State will agree in the Sale, Assumption and Dissolution Agreement to pay any liability associated with the IRS audit. Staff expects that after 6 years, all of the listed tasks should be complete and the balance remaining can be transferred to the State.

The TSA Board is expected to approve the Sale, Assumption and Dissolution Agreement at its board meeting on June 24, 2024.

RECOMMENDATION:

Staff recommends that the Commission consider and act on Approval of the Sale, Assumption and Dissolution Agreement among the Commission, State of Washington and the Tobacco Settlement Authority.

EXHIBIT A
INSTRUCTIONS TO MSA ESCROW AGENT

Sarah Hausmann Independent Auditor to the Master Settlement Agreement
PricewaterhouseCoopers LLP
300 Madison Avenue
New York, NY 10017

Dear Ms. Hausmann,

On behalf of the Tobacco Settlement Authority (the “Authority”), I hereby request a further modification to the wiring instructions directed to Citibank, N.A., as custodian for the Master Settlement Agreement (“MSA”) entered into by participating cigarette manufacturers, 46 states and six other U.S. jurisdictions in November of 1998 in settlement of certain smoking-related litigation.

In 2002 the Legislature of the State of Washington authorized the sale of a portion of the MSA tobacco settlement payments to be received by Washington (“settlement payments”) to raise funds to address a budget problem. The Authority was created to sell bonds which would be repaid by a portion of the settlement payments. The Governor sold 29.2 percent of the settlement payments to the Authority to secure the bonds issued by the Authority.

On November 5, 2002, the Attorney General for the State of Washington sent the attached letter directing a specified portion of the settlement payments be wired directly to U.S. Bank N.A., as Indenture Trustee for the Authority’s bonds. Those bonds have been fully retired and the Authority is selling the settlement payments back to the State.

Accordingly, effective beginning June 28, 2024, the Tobacco Settlement Authority and the State of Washington request that the twenty-nine and two-tenths percent (29.20%) of (i) the payments (other than Litigation Expense Reimbursements) received by the State under the MSA on and after July 1, 2003 (and all adjustments thereto), (ii) all amounts received by the State under the MSA on and after July 1, 2003 consisting of adjustments to payments made to the State under the MSA prior to July 1, 2003, and (iii) all Lump Sum Payments, Partial Lump Sum Payments and Total Lump Sum Payments, including those received prior to July 1, 2003, be wired directly to US Bank as follows:

Financial Institution Address:	XXXXXXXXXXXXXXXXXXXXXXXXXX
Account Name:	XXXXXXXXXXXXXXXXXXXXXXXXXX
ABA Routing Number:	XXXXXXXXXX
Account Number:	XXXXXXXXXXXXXXXXXXXXXXX
Account Type:	Checking

This instruction shall become effective on June 28, 2024 and is irrevocable.

Very truly yours,

TOBACCO SETTLEMENT AUTHORITY

Sharon brings more than 20 years of accounting and supervisory experience, including managing hundreds of different funding sources. She started with the Commission on June 3rd and jumped in with both feet.
- We are currently recruiting for our Financial Administrative Assistant position. The recruitment just closed, and we are currently reviewing resumes. We expect to fill the position within the next month.

Steve Walker:

- I attended and provided remarks on behalf of the Commission at the Grand Opening of Good Shepard House in Seattle on May 29th.
- After 22 years in existence, the final payoff of bond for TSA enabled the dissolution of the Tobacco Settlement Authority. The Legislature authorized, and Governor Gary Locke signed into law on April 4, 2002, legislation establishing the Tobacco Settlement Authority (the "Authority" or "TSA"). The Commission has asked to contract with TSA to provide staffing expertise and board support.

The legislation authorized the Authority to issue revenue bonds backed by not more than 30% of the state's allocable share of the revenue stream from the 1998 Master Settlement Agreement (MSA) between the state and the participating tobacco manufacturers. The resulting bond issue for \$517.9 million was completed in 2002. Two strategic refinancings occurred over the years. All outstanding Tobacco Settlement Authority (TSA) bonds were paid off on May 15, 2024.

- The EMT continues to meet regularly with Athena Group to develop our maturity model for leadership, project management, change management and decision making.
- I took part in an affordable housing panel for the Urban Land Institute NW Partnership discussing the state of funding, cost and development. As well as local and state legislative strategies for the upcoming year.
- I visited the African Housing and Community Development operations in SeaTac earlier this week. AHCD is a community-based organization providing housing and community services to immigrant and refugee communities in King County. The Commission has a LAP loan with AHCD with a vision to develop multifamily housing and community services space for the agency.
- The Budget Planning survey offered valuable insights into your experiences and suggestions. We will resurface this feedback prior to developing the 2025 meeting agenda more effectively. Thank you to everyone who took part!

Other Events and Meetings:

I took part in the following events and meetings for May and June:

HCESC Board & Member Meeting; CHA Monthly meeting; BHI Network Policy Group meeting; NCSHA Federal Home Loan Focus Group meeting; HDC Convening; WCRA Board of Directors meeting; Rent Stabilization meetings with Reps Macri and Alvarado; AHAB Board meeting; EIHF Advisory Group meeting; Amazon Housing Equity Fund Partnership Event; Microsoft Quarterly Meeting; NFHDA Quarterly Meeting & HEA Networking Event.

Within the 12-month period, staff will:

- review Owner’s Annual Certification and other reporting materials for every project.
- review resident certification packages for 5% - 20% (depending on type of review year) of the units in each project.
- notify the Internal Revenue Service of any noncompliance discovered in tax credit assisted projects.

- (1) Fluctuations in these accounts are considered in aggregate. The decrease is primarily due to the drawdown of funds for the Homeowner Assistance Fund (HAF) program.
- (2) The overall increase in fees receivable is primarily due to an increase in receivables related to DPA loans in the Homeownership program and greater balances related to 2nd half tax credit fees for Commission issued 4% bonds.
- (3) The increase in prepaids and other receivables balance is primarily due to receivables related to principal and interest advanced on GNMA securities serviced by IHFA, as well as, prepaids for software application maintenance, cloud server hosting, and support services.
- (4) The increase in net capital assets reflects a deposit made on the purchase of new office furniture and fixtures, offset by continued depreciation and amortization of assets placed in service.
- (5) These accounts reflect the implementation of GASB 87 in which long-term, non-ownership-transferring leases are recorded as an intangible right-of-use asset and a lease liability. The decrease is primarily related to the amortization of the office rent lease asset and reduction in related lease liability.
- (6) The overall increase in accounts payable and other liabilities is primarily due to the recording of payables related to the interest earned on HAF program funds.
- (7) The decrease in unearned fee income is primarily due to the drawdown of funds from the HAF program, established in Section 3206 of the American Rescue Plan Act of 2021.
- (8) The increase in accrued payroll payable is primarily due to higher vacation and sick leave balances, plus effects of the 4% COLA and general increases at the beginning of the fiscal year.
- * These balances are adjusted only at year-end.

(1) Increase in fee income is primarily due to increased revenue from the Homeownership division's Home Advantage program, coupled with an acceleration of income related to the Citi Securitization program.

(2) The increase in interest income is primarily due to the increase in rates. For example, the LGIP rate has increased from 5.15% in the prior period to a rate of 5.40% in the current period.

(3) Effective July 1st, all staff received a 4% cost of living wage increase and qualified staff received retention and covid vaccination bonuses, as well as an annual increase, resulting in greater salary and benefits expenses.

(4) Increase in conference and travel expenses is primarily due to an increase in attendance of the NCSHA annual conference in the current year as well as a delay in recording HOWA registration fees in the prior year.

(5) Professional fees increase is primarily due to greater property inspection related expenses in the Asset Management & Compliance Division and electronic content management consulting expenses for all divisions.

* Effective 1/1/2013, 25% of the Home Advantage Program revenue was transferred to the Single-family bond program's Commission Fund to ensure future indenture and program flexibility. Due to an ease in the revenue generated from the Home Advantage program, the 25% allocation has been suspended indefinitely, effective 7/1/23, until it is determined to be beneficial to the Commission Fund to resume allocation and transfers.

- (1) Fluctuations in these accounts are considered in aggregate. The decrease is primarily due to the drawdown of funds for the Homeowner Assistance Fund (HAF) program.
 - (2) The decrease in receivables is primarily due to the reduction in receivables from the Dept of Commerce related to the Foreclosure Fairness Program.
 - (3) The increase in prepaids and other receivables balance is primarily due to receivables related to principal and interest advanced on GNMA securities serviced by IHFA, as well as prepaids for software application maintenance, cloud server hosting, and support services.
 - (4) The decrease in net capital assets reflects the continued depreciation of prior investments in assets.
 - (5) These accounts reflect the implementation of GASB 87 in which long-term, non-ownership-transferring leases are recorded as an intangible right-of-use asset and a lease liability. The decrease is primarily related to the amortization of the office rent lease asset and reduction in related lease liability.
 - (6) The overall increase in accounts payable and other liabilities is primarily due to the recording of payables related to the interest earned on HAF program funds.
 - (7) The decrease in unearned fee income is primarily due to the drawdown of funds from the HAF program, established in Section 3206 of the American Rescue Plan Act of 2021.
 - (8) The increase in accrued payroll payable is primarily due to higher vacation and sick leave balances, plus effects of the 4% COLA and general increases at the beginning of the fiscal year.
- * These balances are adjusted only at year-end.

- (1) Increase in fee income is primarily due to increased revenue from the Homeownership division's Home Advantage program, coupled with an acceleration of income related to the Citi Securitization program.
- (2) The increase in interest income is primarily due to the increase in rates. For example, the LGIP rate has increased from 4.93% in the prior period to a rate of 5.40% in the current period.
- (3) Effective July 1st, all staff received a 4% cost of living wage increase and qualified staff received retention and covid vaccination bonuses, as well as an annual increase, resulting in greater salary and benefits expenses.
- (4) Increase in conference and travel expenses is primarily due to an increase in attendance of the NCSHA annual conference in the current year as well as a delay in recording HOWA registration fees in the prior year.
- (5) Professional fees increase is primarily due to greater property inspection related expenses in the Asset Management & Compliance Division and electronic content management consulting expenses for all divisions.
- * Effective 1/1/2013, 25% of the Home Advantage Program revenue was transferred to the Single-family bond program's Commission Fund to ensure future indenture and program flexibility. Due to an ease in the revenue generated from the Home Advantage program, the 25% allocation has been suspended indefinitely, effective 7/1/23, until it is determined be beneficial to the Commission Fund to resume allocation and transfers.

Public Invitation

The Date is: **Wednesday, May 29, 2024**

The Time is: **11:30 AM**

Occasion: **Ribbon-Cutting Ceremony of the Outdoor Performing Arts Amphitheater**

Location: **Rise Up Academy, 11229 4th Ave W, Everett, 98204, WA**

Founder: CEO/Executive Director ~ Dr. Paul A. Stoot, Sr.

Rise Up Academy is very excited to announce the unveiling of the Outdoor Amphitheater, the first of its kind in Snohomish County for an Early Learning School. The new Amphitheatre will provide a space and place for our students that can be used as a performance area to develop confidence and creativity. This will open doors for many of our children to express themselves creatively and learn effective communicative skills.

This is going to be a grand event, with invited dignitaries, such as Mayor Cassie Franklin, Executive Dave Somers, Senator June Robinson, Senator John Lovick, State Representative April Berg, State Representative Mary Fosse, and some of our other state and U.S. dignitaries, including Congressman Rick Larsen.

We also ask everyone from Snohomish Community and surrounding communities to come and support this event.

During the Ceremony, we will have our kids perform, introduce our staff members, and introduce the companies that made this project possible. There will be light refreshments and a time to see the hard work and dedication produced.

Grand Opening Good Shepherd House Permanent Supportive Housing

May 29, 2024, 9:30am

Building tours available at 9:00am

1415 22nd Ave. Seattle

The Low Income Housing Institute (LIHI) is pleased to announce the Grand Opening of Good Shepherd House, a partnership between Low Income Housing Institute (LIHI) and the Lutheran Church of the Good Shepherd. The event is on May 29 at 9:30am. Location is 1415 22nd Ave. in Seattle's Central Area. Tours are available.

The seven-story, 86-unit building has 84 studio apartments providing permanent supportive housing for formerly homeless people, a live-in staff unit, and a three-bedroom apartment with a separate entrance to be occupied by the church. The building features two elevators, a community room, a rooftop deck, laundry, bike parking, and case management offices. Leasing is underway with 14 units set-aside for veterans, 10 units for asylum seekers, and 15 units for people transitioning out of tiny houses.

Speaking at the event will be LIHI Executive Director Sharon Lee; Melinda Nichols, LIHI Board President; Steve Tucker, Rev. Steve Olsen, Rev. Paul Winterstein, and Rev. Nate Whittaker of the Lutheran Church of the Good Shepherd; Rep Pramila Jayapal; Seattle City Councilmember Joy Hollingsworth; Rep Frank Chopp; Maiko Winkler-Chin, Office of Housing; Alex Pace, Heritage Bank; Nathan Torgelson, SDCI; Nicole Bascomb-Green, WSHFC; and Gary Gant, HUD.

LIHI and Good Shepherd have a long history working together. The development site for this project was the location of Seattle's first ever tiny house village which opened in 2015.

LIHI Executive Director Sharon Lee said: "In 2014 LIHI was working in partnership with Nickelsville to address unsheltered homelessness. The Lutheran Church of the Good Shepherd had previously hosted a tent city for Nickelsville. Working together with the church we all thought we could do better than tents and decided to try out a new concept of building a tiny house village. Pastor Steve Olsen, Trustee Steve Tucker and the congregation generously offered their vacant lot next to the church. That lot became Seattle's first tiny house village and kicked off a program that has grown to over 20 villages that have sheltered thousands of people. And now that very same lot has become this beautiful building that will provide permanent housing for those in need for generations to come. My heartfelt thanks go to Lutheran Church of the Good Shepherd for their amazing vision and charitable spirit."

Pastor Nate Whittaker said, "From the beginning, the Lutheran Church of the Good Shepherd has been dedicated to following Jesus to reach out in love to our community. Through our Pastor Steve Olsen, we began using our parsonage to help the unhoused in the community. That work grew into welcoming the tent city of Nickelsville and the Tiny Homes of LIHI. Now, through the tireless work of Steve Tucker, Sharon Lee and LIHI, and the many folks from Walsh Construction, we welcome the next step of what our God is doing in this community. We will continue to follow our

Lord and serve our community with love. We have come this far by faith and cannot wait to see what the next 100 years brings all of us!"

Good Shepherd House is the first to make use of Seattle's new Affordable Housing Ordinance on Religious Organization Land that provides development bonuses for affordable housing on property owned by religious organizations. The ordinance allowed for increased density, resulting in an increase from 65 to 86 units. LIHI has a 99-year lease on the land from the church.

Good Shepherd House received \$8.3 million in capital funds from the Seattle Office of Housing. Funding from HUD and the City's JumpStart revenue is providing operating support. Other funders include: Enterprise, Heritage Bank, State Housing Trust Fund, Washington State Housing Finance Commission, and Wyncote Foundation NW.
