

Federal Energy Incentives

We compiled an **online resource library for WA state affordable housing developers** to make tracking the new federal energy incentives easier for you.
Review before completing this form.

Questions? Email energy@wshfc.org

Complete the following:

A. Which federal energy incentives are you **eligible for**? Check all that apply.

Solar Tax Credits

45L Energy Efficient New Construction

I am unsure and would like to receive follow-up from WSHFC staff

B. Which federal energy incentives do you **plan to use**? Check all that apply.

Solar Tax Credits

45L Energy Efficient New Construction

I am unsure and would like to receive follow-up from WSHFC staff

C. If there are federal energy incentives you are **eligible for but do not plan to use**, explain:

Home Energy Rebates are in design and will be administered by the State Energy Office from 2025 - 2030.

To provide input on rebate design for multifamily affordable housing, email
HomeRebates@Commerce.wa.gov

Utility Incentive Contact

WSHFC requires all bond/tax credit applicants to **contact their projects utility(s)** before submittal to inquire about and discuss energy efficiency incentives. **We recommend reaching out to your utilities as soon as possible.** These consultations and incentives can help offset the cost of building more energy efficient and comfortable buildings.
